Para 2.2 Important Note Regarding Minimum Guaranteed Number of Diners

The existing batch-size of the PGP program (Two-Year Program) is 300 students. The Institute has directed the students of PGP to compulsorily dine in the Student Mess in first Qtr. Additionally, Ph.D. students staying in the hostels will also dine in the respective messes and some institute staff and employees may also avail messing facilities (meal Based). Therefore, the approximate number of diners in the student mess during the respective academic term would be as follows: –

Programme	Number
MBA First Year	180

Approximate Staff and employees	35-45
Total	340-350

There might be a variation of 10% (+/-) in the above referred estimated number of diners excluding the staff & employee (35-45).

The Institute will guarantee minimum 270 diners from the above-referred estimate for the first quarter. The variation in number of diners subsequently will be taken care by the service provider. This number will vary during the term break, summer break, holidays, outstation projects and assignments of the students. The summer break period is generally Mid-March to Mid-June of every year wherein the messes would remain closed.

Apart from above minimum guaranteed numbers, the Institute does not guarantee/underwrite any specific volume of business.
