Summer Placements

2019 - 2021

SUMMER PLACEMENTS 2019 - 2021

Placement Highlights

IIM Bodh Gaya's Summer Internship Placement season saw more than 100 companies expressing interest to recruit from the dynamic batch of 115 participating students, hence achieving 100% placements for summer internships.

Having roped in a plethora of reputed organizations across various sectors, the highest stipend offered to the 5th batch of the institute's flagship PGP program (Class of 2021) was INR 2,00,000. For all the students placed, the average stipend stands at INR 51,414 and the median stands at INR 45,000. Few of the distinguished recruiters for this year include Crompton, Maruti Suzuki, Reserve Bank of India, SIDBI, RAAM Group, Sodexo, Safexpress, AGS, NTPC among the others.

We believe that prominent recruiters offering lucrative roles to the students on campus as an endorsement of the quality of the students and the institute. With a healthy placement scenario supplemented by a happening and active campus life comprising yearlong activities, competitions, guest lectures, sports, and other extra-curricular events, IIM Bodh Gaya remains consistent on its track of success.

IIM Bodh Gaya expresses its immense gratitude towards all the stakeholders for exhibiting their unwavering faith in the students of the institute and pledges towards fostering and enriching this relationship further in the years to come.
