

International Conference on Sustainable Goals(ICSG) 2022

**Managing Economic Development
and Financial Stability: In the era
of SDGs and ESGs**

Sponsored by: **Becker+**

Dr. Vinita S. Sahay
Director, IIM Bodh Gaya

It gives me great pleasure to invite you to the IIM-Bodh Gaya International Conference on Sustainable Goals (ICSG):2022 from 16th to 17th September 2022. The conference is accompanied by a Pre-Conference Workshop on 14th and 15th September 2022. IIM Bodh Gaya, one of the most prestigious and elite B-schools in India is proud to announce the international conference on Sustainability goals to promote various issues of sustainability, through sharing research knowledge and practitioner experiences. As an educational institution, we have a fundamental role in transforming societies aimed at a more sustainable future. Through knowledge creation and dissemination, research, education, and outreach, institutions of higher education can lead the path towards sustainable development. The conference invites leading academic scientists, researchers, faculty, and research scholars from different countries and from diverse knowledge and fields to exchange and share their experiences and research results on all aspects of sustainable development goals under the Conference Theme: - Managing Economic Development and Financial Stability: In the era of SDGs and ESGs. We look forward to your participation in the conference.

About IIM BG

The Indian Institutes of Management have been the archetype of management schooling in India since their foundation after our independence in 1947. IIMs are perceived as the most prestigious and elite B-schools in India which lay emphasis on practical experience and critical thinking instead of rote learning and conventional academic schedule. Building on the grand heritage of the IIM brand, IIM Bodh Gaya fosters a culture and curriculum whose sole purpose is to create socially responsible managers and emotionally mature leaders. A dynamic curriculum in consonance with academics and industry experts provides the students with the opportunities to master new skills and explore diverse perspectives. Apart from the conventional classroom setup, IIM Bodh Gaya lays emphasis on practical learning as students partake in case studies, sessions with industry experts, live projects, etc. The institute's thrust on meaningful research is evident through the credentials and accomplishments of its faculty that has publications in ABDC and Scopus listed journals of repute. In a short span of time, IIM Bodh Gaya has strengthened its position in the corporate world, with its students contributing in illustrious business organizations of the country.

About C-EENRG

C-EENRG was established in 2014 within the Department of Land Economy in order to conduct integrative research on the governance of environmental transitions, such as the climate-driven transition from a carbon-intensive inefficient energy matrix to a decarbonised and efficient one, or the water/population-driven transformation of food production systems. The role of law and governance in such transitions is of particular importance. C-EENRG approaches law as a technology to bring, guide and/or manage environment-driven societal transformations. Whereas other research groups within the University of Cambridge cover questions relating to the environment, energy and natural resources from a natural science, engineering, conservation and policy perspective, until 2014 there was no centre concentrating on the law and governance aspects of environmental transitions. C-EENRG was established to fill this gap in the policy research cycle, in line with University's strategic research initiatives on energy, conservation, global food security and public policy.

About the Conference

“Sustainable Development is the pathway to the future we want for all. It offers a framework to generate economic growth, achieve social justice, exercise environmental stewardship and strengthen governance”

-Ban-Ki-Moon.

Sustainable Development is a paradigm which is adopted by the United Nations to promote economic development, which is inclusive and makes the life of future generations secure. The adoption of this paradigm has become an urgent need due to threats of global warming and scarcity of natural resources (fossil fuels). At the same time, if the fruit of economic development is not reaching to the bottom of the pyramid, then social and political instability will hamper the economic growth in the country. Hence, to make the benefits of the economic development to become long lasting, there is a consensus around the world to strive for Sustainable Development Goals (SDG). To promote SDGs, regulators are promoting the process of taking due account of environmental, social and governance (ESG) considerations while making financial and investment decisions among the corporates globally.

Realizing this importance, IIM Bodh Gaya aims to increase awareness among the researchers about the importance of sustainable development through International Conference on Sustainable Goals (ICSG),2022. This conference aims to bring together leading academic scientists, researchers, faculty and research scholars to exchange and share their experiences and research results on all aspects of sustainable development. The submitted papers will have an opportunity for publication consideration in ABDC/Scopus indexed/UGC Care journals.

Prospective authors are kindly encouraged to contribute through submissions of their research abstracts, papers and e-posters in International Conference on Sustainability Goals (ICSG 2022) to be held virtually from 16th-17th September 2022.

Key Note Speakers

Prof. Jeffrey D. Sachs

Prof. Sachs is an American economist, academic & public policy analyst. He is an Author, Innovative educator, and global leader in sustainable development. He serves as the Director of the Center for Sustainable Development at Columbia University and was also the former director of The Earth Institute in the same University. Sachs has authored and edited numerous books and has received 38 honorary doctorates.

Prof. Cheng-Few Lee

Professor Lee is the Editor of the Review of Quantitative Finance and Accounting (RQFA), and the Review of Pacific Basin Financial Markets and Policies. He is the Director of the Conference on Financial Economics and Accounting, and the Conference on Pacific Basin Business, Economics and Finance. He has published more than 170 articles in journals.

Prof. John W. Goodell

John W. Goodell is a Professor in the Department of Finance at The University of Akron and Editor in Chief of RIBAF. His research interests focus particularly on the impact on financial systems of national culture, and institutions. In 2011 he received the Stockholm School of Economics/Women in the Academy of International Business Award for Increased Gender Awareness in International Business Research.

Prof. Andreas Kontoleon

Prof. Andreas is a Professor of Environmental Economics and Public Policy, Director of Research, Department of Land Economy. He is also Research Lead at Cambridge Centre for Environment, Energy and Natural Resource Governance and Director of Studies for Land Economy, Trinity College, Cambridge. He is co-moderator of BIEOCON, the largest academic network on the economics of biodiversity conservation.

Mr. Aziz Tayyebi

Aziz Tayyebi is a chartered accountant from UK and Director, International business development for Becker Professional Education, responsible for the development of Becker's professional education portfolio across various international markets, to help in ensuring that the candidates are able to maximise their chances of obtaining career defining, global professional certifications in the most efficient and effective manner.

We encourage submissions in the following areas (also, we welcome papers on related themes which is not included in the below mentioned list)

Themes for the conference

- COP 26 target and COP27 projections
- Sustainable Investment Trends in 2022
- Sustainable Asset Valuation
- Socially Responsible Investing (SRI)
- Environmental, Social and Governance (ESG) analysis
- Climate Financing.
- Carbon accounting and trading
- Financial Innovation for Sustainability
- Carbon Tax and Energy Financing
- Sustainability accounting, accountability and reporting
- Integrated thinking and integrated reporting
- Governance of Sustainable Finance and Investing
- Big Data Analytics and Blockchain in Sustainable finance
- Sustainable Green Finance
- Financial Performance and Accounting Practices for Sustainability
- Innovative Sustainable Financing Instruments
- Role of Regulators and Financial Institutions on Sustainable Finance
- ESG investing
- Sustainability Financial Risk Management
- Corporate Governance and Ethics in Sustainability
- Sustainable Financing practices through Green Bonds
- ESG ratings and Assessment in Finance
- Financing a Net-Zero Future
- ESG and Financial Performance
- Sustainability Reporting and Accounting
- Natural Resource Extraction and Sustainable Economic Development
- International Economic Integration and Environmental Sustainability.
- Resource Curse Hypothesis and Inclusive development.
- Green Economy and Sustainable Development.
- Energy Economics and Macroeconomic Stability.
- Role of Corporate Innovation and Political Institutions in achieving SDGs.
- The Role of Human capital to attain Sustainable Economic Growth.
- Environmental Macroeconomics.
- Role of Political Institutions in achieving SDGs.
- Digitization and Sustainable Economic Development.
- Commodity Markets and Macroeconomic Stability.
- Geopolitics and Environmental Sustainability

Publication Opportunities

Accepted Abstracts will be published in the conference proceedings and selected papers will be considered for publication in the following listed journals for the conference. We have entered into a collaboration with following journals for publication of selected full-length papers. We are exploring the possibility of tie-ups with more journals and publishing an edited Book with a reputed publisher for selected papers. This list will be updated as and when tie-ups are finalized.

Special Issues:

- Resources Policy
- Journal of Hospitality and Tourism Technology
- Energies
- Review of Pacific Basin Financial Markets and Policies
- Sustainability
- International Review of Economics and Finance

Regular Issues:

- Research in International Business and Finance
- Asia-Pacific Financial Markets
- International Journal of Economic Policy in Emerging Economies
- European Journal of Management and Business Economics
- The Indian journal of Economics

SUBMISSION GUIDELINES

All papers submitted for the conference should contain original research that has not been previously presented or scheduled for presentation or accepted and if under review, must not appear in print before the conference.

The conference seeks **only the Extended Abstract** for review at this stage. Selected abstracts after the conference will be eligible for Publications.

The extended abstract should cover the following aspects:

1. Objective of the study
2. Recent literature and research gap
3. The study hypothesis (if applicable)
4. Methodology adopted
5. Empirical or theoretical results
6. Findings of the study
7. Implications for theory and practice
8. Keywords

- IIM-Bodh Gaya International Conference on Sustainable Goals (ICSG): 2022 will accept Extended Abstracts only.
- Abstracts will be blind reviewed and only those abstracts approved by the reviewers will be selected.
- Acceptance of the abstract implies that at least one of the authors will attend the conference and present the paper. All kinds of papers, conceptual/theoretical, empirical and review papers will be accepted.
- The submissions for papers will be peer reviewed and only those approved by the reviewers will be selected.
- An electronic copy of the Papers in MS Office Word or higher version should be submitted. Please create an account at easy chair to submit your manuscript ([Link](#)) Invitation for presentation will be sent to all authors based on accepted extended abstract.

Pre-Conference Workshop

The conference also comes with a pre-conference workshop on 14th and 15th September 2022.

Pre-Conference Workshop on Applied Time Series using R

Sl.No	Session Title	Topics
1	Review of Basic Econometrics	Ordinary Least Squares, Assumptions, coefficient estimation, interpretation of regression results, forecasting.
2	Visualization and Forecasting	Data modelling, data processing like aggregation and filtering, mapping data attributes to graphical attributes, and strategic visual encoding.
3	Introduction to Time series data	Introduction to time series data, concept of autocorrelation and partial correlation and stationarity. Trends and seasonality in classical way, test of stationarity (ADF Test)
4	Univariate Time series modelling	Autoregressive models, characteristics of roots and stability of the AR Models. Moving average models, Hands on exercise Hands on exercise on Autocorrelation, partial correlation, and test of Stationarity ARMA and ARIMA models.
5	Multivariate Time series modelling	Vector Auto Regressive (VAR) Models, VAR with Error Correction (VECM), Causality
6	Volatility models: Conditional Heteroskedastic models	Volatility models, Conditional heteroskedastic models, ARCH effect, volatility clustering, conditional volatility, ARCH, GARCH, TGARCH and EGARCH models.
7,8	Meeting with Editor

REGISTRATION

Registration Guidelines

Registration can be made through Payment gateway available at the conference website. Registration forms can be downloaded from the conference website. The registration form should be sent along with the payment details.

Categories	Conference	Workshop	Both
Students/Faculty/Other academics members	2500 INR	3000 INR	5000 INR
Corporate professionals	5000 INR	4000 INR	7000 INR
Foreign Participants	\$100	\$100	\$150

Without Paper

The participants who want to attend the conference without making any paper presentation must register themselves and then pay conference fee given in the above table.

Awards and Certification

The papers accepted and presented during the conference will receive a certification of participation. All extended abstracts will be evaluated for originality, research rigour, contribution to theory and practical implications. Selected high quality papers after presentation will be awarded as Best Paper. Three Best paper award of Rs 15000/-, Rs 10,000/- & Rs 5000/- will be given for ICSG 2022 .
