CHAIRMAN PROFILE

Mr. Uday Kotak, famously renowned as the “Nationalist” self-made billionaire banker, is the Founder, Executive Vice Chairman and Managing Director of Kotak Mahindra Bank and was the President of Confederation of Indian Industry (CII) for 2020-21. Mr. Kotak believes that the true measure of performance is value creation and his vision for equitable prosperity extends beyond financial services.

Spurning his family's trading business, Kotak at the age of 23 years, initiated the Kotak Capital Management Finance Limited, a financial consultancy, which received a banking license from RBI in 2003 and went on to become the first non-banking finance company (NBFC) in India, and is eventually transformed into a bank in India's corporate history.

Over the next few years, Mr. Kotak diversified his financial consultancy business into various areas of financial services, establishing a prominent presence in investment banking, bill discounting, stockbroking, mutual funds, life insurance, and car finance. The company's 5 core values of approachability, mutual respect and transparency, passion, entrepreneurial approach, and ethical behaviour have served as a compass, guiding them on their quest to become the best in the business.

Mr. Uday Kotak has a strong focus on community development and inclusive growth. He strongly feels that education is the key to helping India's underprivileged. The Kotak Education Foundation works with some of India's most economically underprivileged communities, attempting to alleviate poverty through education and livelihood programmes.

Mr. Uday Kotak is a member of the Government of India's Committee on Financing Infrastructure, the primary market advisory committee of the Securities and Exchange Board of India (SEBI), member of the Board of Governors at National Institute of Securities Market (NISM) and Indian Council for Research on International Economic Relations (ICRIER). In June 2020, the veteran banker had taken over as the President of Confederation of Indian Industry (CII) for 2020-21. He is also Governing Member of the Mahindra United World College of India and Chairman of Board of Governors at Indian Institute of Management, Bodh Gaya, among others.

Mr. Uday Kotak has been honoured with various prestigious awards and accolades for his achievements throughout his career, some of which are, CNBC Innovator of the year – 2019, Sole Indian Financier to feature in Money Masters by Forbes Magazine in 2016, ET Business Leader of the Year award - 2015, Ernst & Young World Entrepreneur of the year – 2014 and the Most Valuable CEO by Business World in 2010.

After completing his schooling from Hindi Vidya Bhawan, Mr. Kotak pursued a Bachelor's course in Commerce from Sydenham College of Commerce & Economics. He also holds a Master's degree in Management Studies from the Jamnalal Bajaj Institute of Management Studies, Mumbai.

DIRECTOR MESSAGE

Dear Recruiters,

Welcome to IIM Bodh Gaya, situated in the land of enlightenment, where knowledge and wisdom rest in the soil, and constant quest for the unknown is the quintessential strive. This year marks our successful completion of 7 years of academic excellence, and amidst these uncertain, volatile, and ambiguous times, our conviction and faith towards becoming the next “Seat of Learning” in this part of the world drives and motivates us to achieve more. At IIM Bodh Gaya, values like “Mindfulness” are in the air and “To Be” is prized over “To Do”. With such rich values, which are the need of the hour in today’s chaotic world, we are very confident in making a very significant contribution in creating a pool of effective leaders. Our mission is to develop meticulously curious minds into leaders of persevering brilliance who seek to move ahead of time, with an ability to manoeuvre firms through the ever-changing business environment. We seek to honour the responsibility of creating socially responsible managers by blending in the old and the new, the traditional and the technological. At Bodh Gaya, we focus on imbibing in our students’ timeless virtues like compassion, integrity, sustainability, inclusiveness, diversity, and we take pride in being the IIM with a special focus towards mindfulness, towards creating aware leaders and mindful managers. We strive to transform young ambitious minds into virtuous leaders with a focus on mindfulness, high on intelligence as well as emotional quotient, and in these trying times, I am sure the values imbibed in them here at IIM Bodh Gaya will help pave the way to a brighter and better tomorrow.

We have made sure that our students get a mix of both, strong fundamentals and corporate exposure through dedicated sessions with eminent personalities from across diverse sectors. And the academic curriculum is revised

from time to time based on the latest trends to ensure that our students are industry-ready. We understand that for today’s organizations, the need of the hour is to have responsible management that is capable of making sensible decisions that result in positive long-term implications for the firm, the industry, and the society. Hence, we focus on enhancing the ethical sense and value systems in our students along with the necessary core business concepts which in turn will lead to the development of effective leadership skills.

Besides the academics, our students also learn from their vibrant community. They manage and take part in a number of co-curricular and extra-curricular activities which provide them opportunities to grow beyond classrooms. Our methods aim at training young ambitious minds into mature business professionals. We thank our existing Industry Partners for the invaluable support they have extended to us over the past couple of years. We truly value these relationships and would like to nurture them to higher levels. I also take this opportunity to reach out to new partners to help us serve them, by offering the pool of talented and inspired young minds whom we have nurtured for them. We wish to have a long-lasting and mutually beneficial relationship with the Industry & corporate world who are our important stakeholders. Kindly treat this as a personal invitation to visit our Campus. Looking forward to meeting you!

Dr. Vinita Sahay
Director, IIM Bodh Gaya

“We strive to transform young ambitious minds into virtuous leaders with a focus on mindfulness, high on intelligence as well as an emotional quotient, and in these trying times, I am sure the values and virtues imbibed in them here at IIM Bodh Gaya will help pave the way to a brighter and better tomorrow.”

CHAIRPERSON MESSAGE

Dear Recruiters,

Welcome to IIM Bodh Gaya!

I would first like to thank all the corporates who are recruiting the young talents of our country even in the current difficult times. With great pleasure, I present to you the Seventh batch of our budding institute. Our students come from diverse educational backgrounds ranging from engineering to management, to social sciences along with industrial experience in various domains of consulting, sales & marketing, finance etc. This diversity enriches our culture and provides each of our students the opportunities to learn from the differences and be better leaders of the future.

Our dynamic pedagogy, which is a union of conventional classroom learning and practical industrial exposure with active participation in case studies, live projects, and industry interactions, helps and motivates our students to strive for excellence in every sphere. The talk series, competitions, etc., not only provide them with the industrial exposure but also instill in them the spirit of collaboration which is an essential trait for any good leader. With this fusion, we ensure that our students are well equipped to handle and thrive in the real corporate world and would be an asset to any organisation they are a part of.

We also provide mentorship programs to our students where each of our students is assigned to a faculty, who help track their overall progress and guide them through any difficulty that they may face when it comes to their industry interactions. This ensures that all our students are at par with industry expectations.

Apart from keeping up with the industry requirements in terms of their skills, our students partake in various extracurricular activities, ranging from sports to cultural events, which helps in their overall development. In addition, our initiative to create mindful leaders of the future, takes our students an extra mile and provides them with all the necessary tools to be a value addition to your organization.

So, with immense pride, I recommend our students to your esteemed organization and would like to invite you to participate in the recruitment process of this Enlightening IIM. This brochure contains all the necessary information that you may need. We look forward to building a healthy and long-lasting relationship with you and your organisation. Welcome!

MISSION

IIMBG believes in building authentic and ethical decision makers benefitting larger interest of all business stakeholders by emphasising on:

- Enhancing academic excellence, conceptual understanding and its practice through applied research.
- Focus on innovative, experiential learning, analytical skills, adaptability and strategic thinking.
- Sustainable & compassionate business practices and cross-cultural sensitization.

VISION

To develop compassionate, socially enterprising, responsible and mindful global business leaders, delivering innovative solutions blended with critical thinking.

ABOUT IIM BODH GAYA

We, the Enlightening IIM, are the 16th member of the IIM fraternity and have touched our 5-year milestone on 31st August 2020. Building on the grand heritage of the IIM brand, IIM Bodh Gaya fosters a culture and curriculum whose sole purpose is to create socially responsible managers and emotionally mature leaders.

Our dynamic curriculum, which is an amalgamation of academics and industrial expertise, provides our students opportunities to master new skills and explore diverse perspectives. Our students not only focus on their classroom learnings, but also actively participate in case studies, talks with industry experts, live projects, etc., which prepares them for the rigour of the industry and makes them ready to contribute effectively to your company.

Our young institute's thrust for excellence and meaningful research is evident through the accomplishments of our faculty who have publications in ABDC and Scopus listed journals of repute. In this

short span of time, our institute has been able to equip our students with not only strong managerial skills but have also transformed them into mindful business leaders of the future with our pioneering initiative of Samatvam – The Mindfulness Centre.

To equip our students with cross cultural experience which is of the utmost importance in this globalised world, we have established collaborations with several reputed institutions in France, Venezuela, Russia, Mexico, Morocco, Italy, Israel and South Korea, while discussions are underway with many other international universities.

Our student body comes from multidimensional backgrounds and are equipped with skills that are at par with the industrial needs. Our pedagogy and our aspiration for excellence have always motivated our students to excel and it also makes IIM Bodh Gaya a place of budding young talents who will be able to make meaningful contributions to your organization.

CORE VALUES

Responsibility: We respect our accords and conform to high quality of work and to the highest ethical standards.

Honesty and Integrity: These are the integral values that everyone here follows towards our jobs, the environment and towards one another and also motivate others to do the same.

Life-long learning: We become the transformational change in each other's lives and we use our diversity as a potential for our growth.

CULTURE

A Force for Good: We thrive to promote a sustainable existence with the world around us. We thus look to balance financial, societal and ecological concerns.

Diversity: We believe in diversity of thought and innovation and hence we are a team of diverse individuals striving together towards excellence.

Collaboration: Teamwork is an essential part of our culture and we collaborate to innovate and create.

INDIAN INSTITUTE OF MANAGEMENT BODHGAYA

WHY IIM BG

Situated in the land of the Buddha awakening, the Indian Institute of Management Bodh Gaya is the 16th IIM inaugurated by HRD Minister Smt. Smriti Irani. The institute got off the ground officially on 31st August 2015, and since has completed 7 prosperous and successful years. It boasts a tranquil environment which promotes a symphonic existence between Samatva & Vidya. In its very short span of existence, the Enlightening IIM has already garnered a place amongst the top institutes.

IIM Bodh Gaya has a mission to inspire new global perspectives in the future of business and management through practical collaborative effort, excellence in research, creativity, and education. Along with an active student run operation, the IIM also takes pride in its structured pedagogy which offers more than classroom simulations, by adding to the mix a vast corporate exposure. The in-class discussions are usually focused to give a real-time industry experience accompanied with in-depth discussion of live cases.

The institute understands the need of having an equable mind, and thus pays attention to not only knowledge gaining, but also mind healing. To successfully generate the managers of tomorrow it is vital to have a sound mind together with a healthy body.

IIM BODH GAYA LOGO UNVEILING BY HIS HOLINESS THE 14TH DALAI LAMA

On a cool 14th January 2020 morning, His Holiness, the 14th Dalai Lama graced the walls of IIM Bodh Gaya. The institute had the opportunity to be blessed and it witnessed a moment of pride and honor as His Holiness granted the college a new identity by unveiling its logo.

His Holiness spoke of the crucial role education plays in the mental and spiritual development of an individual. This led to an intricate balance of the same in our creation of the "Enlightening IIM".

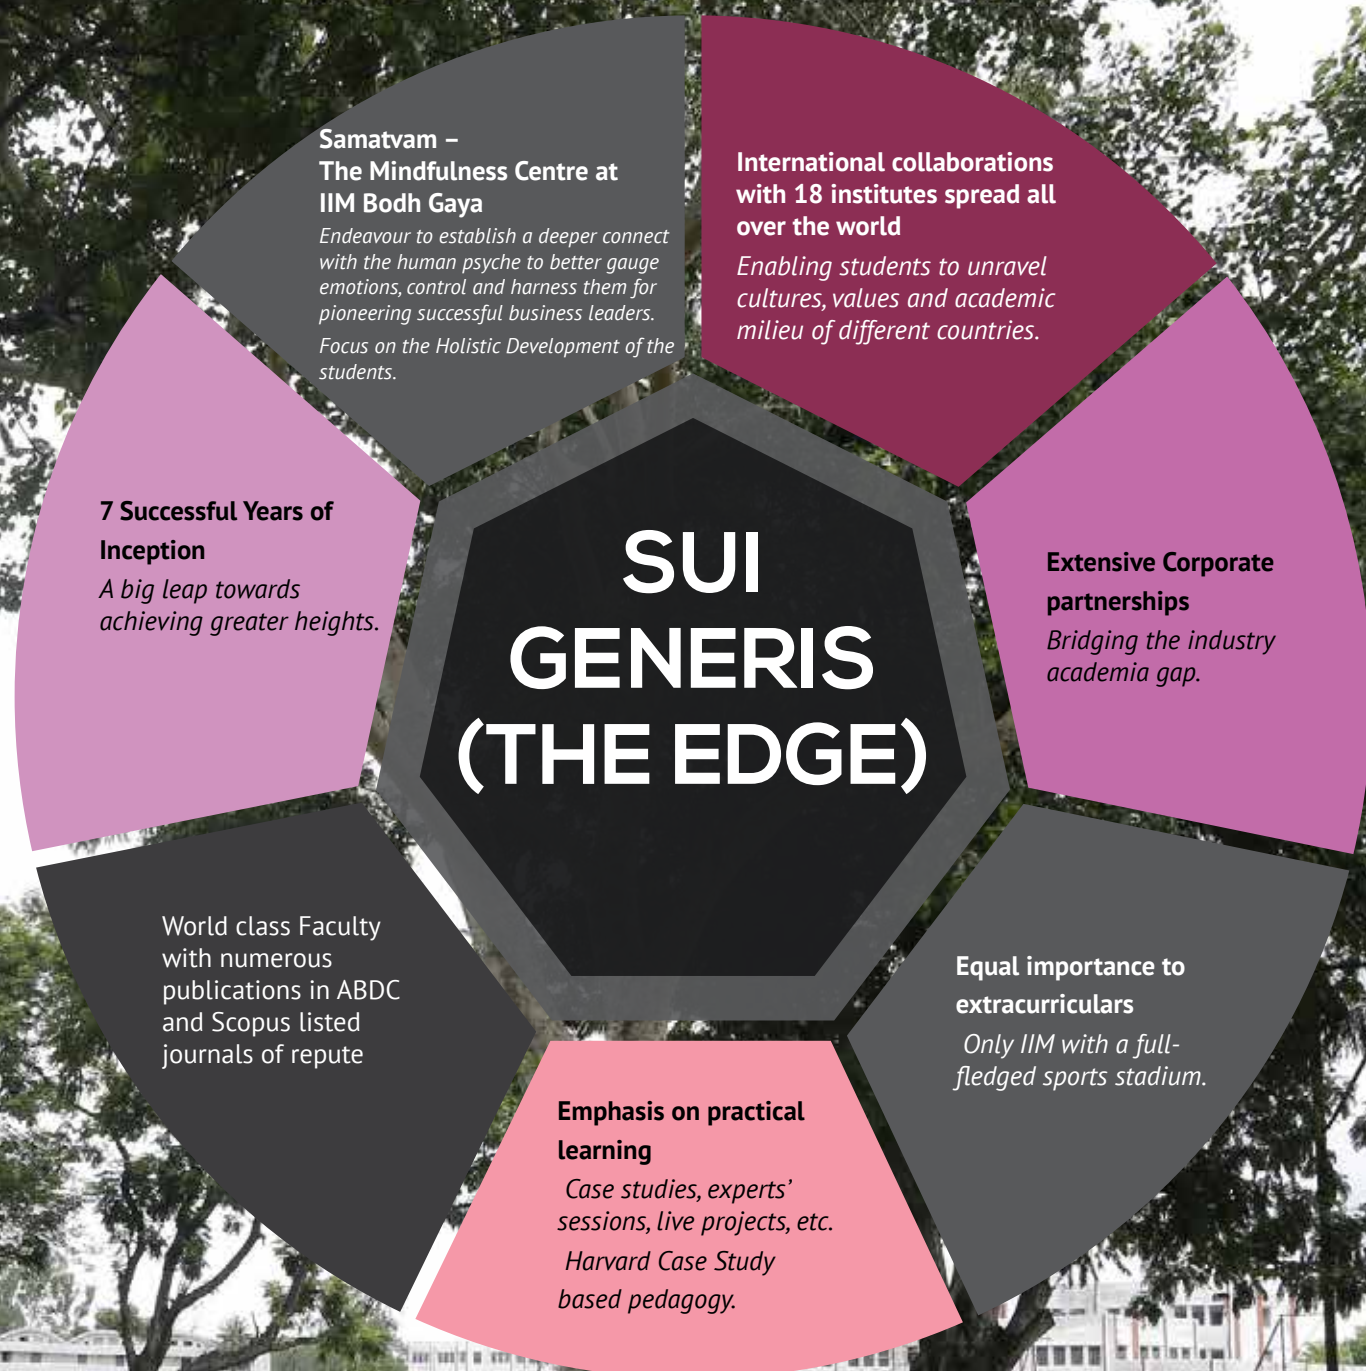

The arrival of His Holiness was a once in a lifetime opportunity and his teachings have been incarnated not only in the students and the audience but also in the rulebook of the institute through the establishment of mental well-being committees and centers.

Spirituality, albeit, sounds dated and cliched but is in reality the make or break of success. The methodology followed at Indian Institute of Management Bodh Gaya has taken this charge upon itself as well. They have inculcated a unique unorthodox approach of elevating the spirit too, along-with the mind and the body. All this is the ripple effect of His Holiness enlightening us of the importance. His simplistic approach and a vibrant charisma acted as the torchbearer of ideas the institute needed.

IIM Bodh Gaya is not an institute for peripheral development but one which motivates you from the core.

A Healthy mind, Positive spirit and the right Knowledge are the foundations of this Enlightening IIM.

THE EDGE FOR SUCCESS

Academic Opportunities at IIM Bodh Gaya for Highest Competence

Doctoral Programme:
Fellow Programme in Management (PhD)

Integrated Programme:
Integrated Programme in Management (IPM)
The objectives of this five years integrated programme in management (IPM) are:

- To prepare candidates from a foundation level for leadership positions in corporates and government organizations and have a global perspective towards management practice.
- To help the students demonstrate problem-solving skills supported by appropriate analytical, ethical and socially conscious judgement while analyzing business situations.

Post-Graduate Programme:

Post Graduate Programme in Management (MBA)
The objectives of the two-year Postgraduate Programme are:

- To enhance awareness and knowledge about the socio-economic environment both at national and global level.
- Compulsory Summer internships provide an in-depth industry experience and expose students to the real work environment challenges.
- Empowering future leaders everywhere to take action, professionally and personally, so that humans and nature can thrive for generations to come.
- Emphasis is laid on gaining practical experience and critical thinking rather than stressing on bookish knowledge.
- To achieve the aforesaid objective, the course curriculum is designed to use a range of audio-visual

based teaching methodologies like case studies, real life problem solving exercises, role-play, group discussion and computer simulation based contents.

IIM Bodh Gaya's pedagogy and Course teaching strategies adopted by faculty takes into consideration the theoretical understandings of students and their individual needs. Course Curriculum uses audio-visual based teaching methodologies like case studies and simulations that are carefully chosen from esteemed sources like Harvard Business Publication, Richard-Ivey etc. In addition to the case-method, IIM Bodh Gaya constantly invites Industry experts to share real time perspectives. All this coupled with the strong theoretical knowledge, provides students a Global perspective and an ability to address a wide array of challenges. The subjects taught as part of the compulsory and elective courses in our PGP programme endows our students with a very strong foundation in management education.

A COMPREHENSIVE CURRICULUM

The two-year MBA curriculum has been diligently designed to keep the students in sync with the latest development in the field of management education and is adaptable to the ever-evolving dynamics of the corporate scenario. The curriculum kicks off with compulsory core courses in the first year that are foundational and integrative in nature. It focuses on fostering the cross-functional perspective, knowledge base, awareness, and decision-making capabilities of the students across areas of general management. A summer internship in a reputed organization for a period of 8 weeks facilitates direct industry exposure to the students. The second year provides the students varieties of specialized functional electives to choose from as per their areas of interest and career plans. The objective is to provide an in-depth and comprehensive knowledge in their domain of interest which resonates with the latest industry trends and challenges. The courses and electives are updated every year in synchronisation with the existing batch preferences and the latest and foreseeable business scenarios to achieve a relevant curriculum. An emphasis on case-study based, project driven, and research-oriented curriculum help shape industry ready managers who are equipped to deal with challenges that emerge in various managerial roles.

MASTER OF BUSINESS ADMINISTRATION PROGRAM

The 2-year MBA Program is the flagship program of IIM Bodh Gaya. The objective of the program is to provide a transformative experience for the incoming students, equip them with relevant conceptual knowledge and skill sets to develop socially responsible professional managers of the future. Guided by a stalwart faculty body, the students experience an immersive curriculum focused on laying a solid conceptual foundation framework in various functional areas of management education, fostering analytical, entrepreneurial and decision making skills, staying updated with the latest global business scenario, and finally becoming masters in their chosen domain of interest. Workshops, seminars, guest lectures across various courses are integral to the curriculum and shaping the mind and thought process of the students.

Significant importance is given to the 20+ student driven Clubs and Committees which encompasses every aspect of business management and values. Students actively participate in various live projects, global and national competitions hosted by academia and corporates, industry immersive activities and leadership talks. IIM Bodh Gaya also facilitates global exposure and an extensive international immersion program through its various international university collaborations and global partnerships to amplify academic rigor and cultural sagacity. The MBA program at IIM Bodh Gaya, through its culture and curriculum, aims to produce socially responsible, ethical, and effective leaders who are mindful.

PHASE-WISE JOURNEY OF IIM BODH GAYA MASTERS OF BUSINESS ADMINISTRATION PROGRAMME

LAYING FOUNDATION:

- Focus is to build a strong learning foundation on the basis of facts, concepts, principles and analytical reasoning with an insight into the dynamics of business
- Subjects taught as a part of the compulsory and elective courses focus to build on synergy with the ever changing industry requirements

INDUSTRY IMMERSION:

- Compulsory Summer Internship provides an in-depth industry experience and exposes students to the real work environment challenges
- The grinding during the SIP helps students in preparing for placement offers

FUTURE LEADERS

- Empowering future leaders everywhere to take action professionally and personally so that humans and the nature can thrive for generations to come
- The institute fosters a culture to build socially responsible managers with high emotional quotient

TEACHING PEDAGOGY:

- Pedagogy and related teaching strategies adopted by faculty takes into consideration the theoretical understandings of students and their individual needs
- Course Curriculum uses audio-visual based teaching techniques like case studies, real-life problem solving exercises, group discussions and business simulation contents

INNOVATION AND BEST PRACTICES

- Focus is given to apply the acquired knowledge to real world challenges
- Emphasis is on gaining practical experience and critical thinking rather than stressing on rote learning
- The institute grooms students to think out of the box and apply their innovative skills in providing the best in class and cost effective solutions

INTERNATIONAL RELATIONS

IIM Bodh Gaya offers to its students a great opportunity to be a part of an Exchange Program for one term at its partner universities across the world. The Institute established collaborations with 18 reputed institutions having multiple international accreditations last year to provide students an even better opportunity to experience and appreciate global scenarios and exposure. Students from affiliate partners also spend a term at IIM Bodh Gaya and are eclectically unified with the dynamic and multi-cultural experience. 15 outgoing and 10 incoming students under the Online Student Exchange Program-2020 during the covid times. The Exchange Program provides them with alternative approaches to learning, exposes them to the global economy, develops their cultural sensitivity, helps them test their existing skills and enhance those skills in a global environment. We are also selected for the Full Bright- Nehru Specialist Program of the United States-India Educational Foundation (USIF). The wide-ranging benefits of the Student Exchange Program add great value to the holistic learning of our future managers.

PARTNER NETWORK

IIM Bodh Gaya acknowledges the significance of exposure to global standards and contemporary trends for enrichment of our students' learning experience. In order to bring international exposure and cultural diversity to the campus, the institute has established collaborations with several reputed institutions in Germany, Taiwan, France, Venezuela, Russia, Mexico, Morocco, Italy, Israel and S. Korea.

STUDENT-DRIVEN COMMITTEES

Career Development Cell - CDC

The primary objective of the CDC is to conduct the Summer Placements for the junior batch and Final Placements for the final year students. It serves as the bridge between the industry and the institute, facilitates the presence of industry leaders on the campus and strengthens the corporate relations with the institute.

Academic Committee

The PGP Committee oversees academic activities and acts as a facilitator between the student body and the faculty members. Prompt resolution of academic related issues, ensuring adherence to the rules and regulation of the PGP Office etc are few of its functions.

Cultural Committee

The Cultural Committee strives to celebrate the cultural diversity within the institute by celebrating various festivals and occasions. It promotes cultural and social awareness of values and traditions from all over the country and strives to inculcate cultural sensitivity among the students.

Envision Cell

Envision, Centre for Industrial Relations & Entrepreneurship Development (E-cell) is a non-profit student organization which aims at manifesting the entrepreneurial spirit of the young students with a vision to promote innovation and good governance.

International Relations Committee

The International Relations Committee aims to create a gateway for international outreach and global exposure through its various international university collaborations and global partnerships with an intent to amplify the academic rigor and cultural sagacity at IIM BG.

Regulatory Committee

The Regulatory Committee serves as the liaison between the student community and the administration. Maintaining the asset of the student body, resolving conflicts, ensuring timely and judicious fulfilment of agendas of all the clubs and committees are a few functions of the Regulatory Committee.

Sports Committee

The Sports Committee is responsible for promoting physical fitness and skills among the students through various recreational and competitive sporting activities and events.

Hostel and Mess Committee

The Hostel and Mess Committee is an integral part of IIM BG that caters to all students by ensuring homely accommodation with nutritious and wholesome food.

IT Committee

The IT Committee works to provide every possible support to IIM BG students and committees in terms of Information Technology & Services (IT&S), ensures proper maintenance of the network infrastructure and 24*7 availability of internet services to students on campus.

Media and Public Relations Cell

The Media & PR Cell is responsible for maintaining the brand equity of IIM BG and represents the institute across various platforms through regular engagements with all forms of media. It works in tandem with the other committees and covers all activities within the institute.

Alumni Relations Committee

The Alumni Committee acts as an intermediary between the institute and the Alumni. It often organizes interactive events with the alumni, publishes newsletters, and primarily strives to maintain a healthy and symbiotic relationship with the institute's existing students and the alumni.

Admission Committee

The Admission Committee helps the administration in facilitating the admission process of the incoming batch, addresses all the issues of prospective and selected candidates and even guides the aspirants through the CAT processes.

CORPORATE EVENTS

Orientation 2021

IIM Bodh Gaya welcomed its seventh batch of PGP and second batch of PhD Programme, with a two-day orientation program. The entire orientation program was conducted successfully in a virtual mode. The programme was graced by stalwarts from the corporate world.

YES 2021

The annual flagship event of IIM Bodh Gaya, YES 2021, was conducted by Envision, the E-Cell at IIM Bodhgaya. The summit was organised with NABARD and Live Long Wealth as its Title and Co-Title sponsor, respectively with other collaborations being Boudhik Ventures, LWT Academy, The Startup Lab, Hostel Fund and Skiify.

This year's edition commenced on 1st March 2021 with "Sampradaa - A Stock Trading Competition". The two-day competition was preceded by a mentoring session by Mr Hari Prasad, CEO, Live Long Wealth. On the first day, a session by keynote speaker Mr Sandip Srinivasan, CEO, Appveen was carried out followed by a panel discussion by Mr Rahul Lakhmani, Founder and CEO, Skiify Solutions, Chakradhar Gade, Co-founder, Country Delights, Sahil Jain, Co-founder, Dineout and Mr Rupesh Jain, Founder & CEO, Candere. On the second day, the keynote speaker for the day was Mr S R Nair, Co-founder & Director, Stallion Group. The event was carried forward by speeches of esteemed guests Dr Dharendra Kumar, General Manager, NABARD and Mr Hari Prasad, CEO of Live Long Wealth.

TEDxIIMBG 2020

Envision Cell took the initiative to get a TEDx license for the institute and formed a team including Envision Cell members and a few selected students to host the maiden edition of TEDxIIMBG. The theme for the event was "AM I AUDIBLE? The invited speakers' talk was about all the efforts, obstacles and challenges faced by them that eventually led them here, to this position where they are now acknowledged. The speakers talked about an idea from their respective fields as to how that idea, once thought irrelevant has eventually gained momentum, became audible and found its utility in changing people's lives forever. The Team brought forward a General, an Academy Award winner, a para-Olympian, an environment researcher, a top international athlete, a doctor turned Global Educator.

Pragyan by Samatvam

IIM Bodh Gaya has started its Mindfulness Centre – Samatvam. It is an endeavour to develop mindful business leaders, who embody the philosophy of 'samatvam' or equanimity. It aims to complement the curriculum of business education by integrating it with the awareness of self and the environment. It strives to create a learning environment that elevates the collective consciousness of the community and inspires a sense of commitment towards mindful practices. Samatvam has initiated Pragyan, a talk series, which provides a forum to bring the community together, share ideas and inspire each other. The theme for its first edition is 'Living Mindfully and Meaningfully in Changing Times' where conversations around mindfulness, stress management, resilience and well-being are being facilitated by prominent speakers and consultants from the mindfulness domain.

Leadership Talk Series - Abhigya

Leadership talk series was conceptualized to support the students to get insights and perspectives from the experts from various industries across the country on themes where they emphasized on the need to understand the skill sets that companies will be focusing on in the future and the need to assess the impact of the pandemic on various industries. The series is designed to enhance student preparedness within the scope of bridging the industry-academia gap.

Eminent industry leaders like Shri Ramesh Agarwal - Chairman, Agarwal Packers & Movers Ltd., Mr. Sanjay Chandel- Senior VP & Head HR, Sterling, Mr. Satyajit Mohanty - CHRO, Crompton Greaves Consumer Electricals Limited, Ms Sangita Sarkar- Lead Talent acquisition and talent management, IB Group, Mr. Sayan Bandyopadhyay- AVP-East, Human Resources, HDFC Life, Mr. Aditya Adyar- Head HR, Piramal Realty, Mr. Siddharth Deshmukh, National Head - Modern Trade and General Trade, OnePlus India Mr. Ashish Saxena, VP & Vertical head, Wipro Limited, etc. interacted with the students on their personal experiences, their journey to make the students ready for the Business world. The initiative gives students a platform wherein they learn about industry's best practices, market trends, operational challenges before even stepping into the industry.

International Management Conference

IIM Bodh Gaya organized its maiden edition of the International Management Conference on 23rd and 24th April 2021. The conference's theme was "Post COVID Management Strategies: Recovery, Resilience, and Adaptation." In these challenging times, IIM Bodhgaya conducted the virtual conference with the thought that "this is the time for us to recover, become resilient, and adapt to the new normal." Amidst a plethora of colossal challenges, business leaders, policymakers, and management gurus are under extraordinary pressure to re-think strategies for recovery, building resilience, and adaptation to the new normal. More than 275 papers were presented in 54 tracks by expert researchers, scholars, and industry specialists with deep insights on post-covid strategies for management during this two-day conference. The maiden edition of the conference had a great run with various eminent speakers and researchers. To mark the end to it, a valedictory session was organized, graced by Prof. Justin Paul, Distinguished Professor, Editor-in-chief, International Journal of Consumer Studies, and Associate Editor Journal of Business Research.

RECRUITERS SPEAK

Intern Names- Ashay Pandey | Rathnakaram Krishna Chaithanya

We appreciate the candidates' commitment, agility to learn, collaborative approach and identifying the process enhancing measures during the project. They successfully completed their projects while maintaining the requisite standards that were expected. We wish them best of luck!

- Kavitha Ayyappa, Talent Acquisition Team, Viatris

Intern Names – Laya Wilson | Hemant

It has been the greatest pleasure having your students work as an intern here at DSM. They have done quite well despite the COVID challenges with their internship. I would highly recommend them and would rate them "excellent" for whatever they have done in their short duration with us. We thank them for all the support and thoughts they shared with us in completing the assigned tasks during the time and wish them good luck in their future endeavors. Hope our paths will cross again.

- Vamshidhar Reddy, Senior Talent Acquisition Partner, DSM

Intern Names- Nishita Bangur | Paras Jangir | Imran Basha | Ashish Kumar

The candidates exhibited BNY Values at different stages of internship. They exhibited the Passion for Excellence. They had the courage to lead which they showcased while handling all the issues that had risen during the internship, which is very impressive. They also had the willingness to participate in all the training sessions attentively, and include themselves in the new activities. They were quick-learners, had high grasping power to understand the process, and made a notable contribution.

- Trinath Pradhan and Sundar Subramaniam, Vice Presidents, BNY Mellon

Intern Names- Pooja Harjani | Anamika Ankamwar

The interns overall did a very good work. They demonstrated willingness and ability to learn. They took initiatives to interact with various process owners and sought help from seniors in the team. They incorporated learnings into an executable platform, and used tools to create a plan for the company. The suggestions they gave were good.

- Amit Bhatia, Executive Vice President, Shriram Housing Finance Limited

Intern Names- – Mithun S

Mithun worked with us at MPL for a short stint of a quarter, but his contributions far maximized the relative short duration.

Calm, level headed, dedicated, very quick to pickup and execute and a great attention to detail; is how one would describe Mithun and his work.

We wish him all the best for this studies and look forward to having him back at MPL.

- Ranaq Sen, People Tech & Analytics, MPL Gaming

Intern Names- Krish Desai | Vikas Rai

I am writing this on behalf of the M&S department of Galiakotwala Engineering Co. to thank you and appreciate your performance during this internship. Both of you are very responsible and hardworking and done quite well, especially the competition of customer survey project within the time limit. We at GEC appreciate the efforts you have put in during the internship.

- Vivek Jain, Sales & Marketing Department
Technical Sales Manager Galiakotwala Engineering Company

INTERNS SPEAK

When I look back at my internship days at **Deloitte** now, it only brings back a big smile on my face. It was an surely an amazing Big4 experience. I could not have asked for anything more.

Right from day one, there was a sense of belongingness and working with the Talent Acquisition team has been a true blessing. My ideas, suggestions and feedback were always welcomed and appreciated. Everyday was a new experience which boosted my knowledge and aided in my growth. There were innumerable opportunities available along with continuous guidance and motivation from industry leaders that helped in my performance.

Hailing from the Enlightening IIM, the mindfulness and the inner harmony gave me the strength to perform, accomplish and achieve. My aspirations, learnings and experience all has aligned with Deloitte mission of “Making an impact that matters”.

- Sayani Ghosh

My two months SIP at Kotak Mahindra Bank as a Human Resources Intern were full of learning and fun. The constant help and support that I received from my guides and my daily review meets with them made sure that I didn't miss being on-site during my internship. Upon successfully completing my project, I can surely say that I learnt a lot more in these two months than I could have learned by reading a book on recruitment. Learning by doing had been the cornerstone of my journey at Kotak and I loved every minute of it.

-Montrina Sharma

These two months with ICICI Securities, as an intern, were really insightful. The SIP was definitely a great addition to my learning. I was attached to the Equity Research team and worked on a Fundamental Analysis Project. Being a fresher, this internship was my first ever experience in the finance domain, it helped me gain a lot of insights into this industry.

-Shreya Doshi

I interned with UltraTech in the logistics division. My project revolved around integrating inbound and outbound logistics to reduce the overall logistics cost. During my internship, I worked in cross-functional teams which helped me gain insights on why logistics is a critical component of a successful supply chain that helps firms improve sales and profitability.

UltraTech's open culture is one of its most notable features. You may approach anybody with your doubts and questions. Furthermore, the top leadership is warm and welcoming, and hearing about their experiences gave me a more comprehensive perspective while facing challenges and solving them.

I am grateful to UltraTech for giving me this opportunity which I will cherish throughout my career.

-Ankit Namboori

My experience as a talent development intern with **DSM** Global business Services over the past few months has entirely changed my perspective of the corporate world and will undoubtedly benefit my future. Working with a global organisation provided tremendous learning and exposure, and my mentor and team were so welcoming and supportive throughout the process. I got the opportunity to contribute to the company's talent development strategy, and I'm incredibly grateful for the opportunity.

-Laya Wilson

My experience and learnings at **BNY Mellon** moulded me to create an impact in my corporate life by learning new skills and challenging them to push myself every single day. My two main takeaways are how effective communication and proactiveness helps us in a workplace. I've also learned how to embrace failure and use it to make a difference.

- Nishita Bangur

My past seven weeks at Morgan Stanley have been a plethora of real-world learning for me. Working as a Summer Analyst in the Human Resources division, I get to see the five core values of Morgan Stanley come to life. Everyone at the organization is always ready to have a conversation which helps me network across various divisions and teams. My multiple projects led me to get in touch with many people, including upper management, gain valuable insight, and learn from their distinguished careers. This internship continues to be a great learning experience as I get to work on real-life projects. The work I have been doing here feels impactful too. I have become more confident now to try out new ventures that I wasn't comfortable getting involved with earlier. It has been an incredible journey so far!

-Chirag Gupta

My Internship experience with Viatriss has been nothing short of a roller coaster ride, the learning, practical exposure and knowledge I gained in these 2 months has been immense, I got to communicate across global teams, implement Project Management techniques and identify pain points to work on and bring in process innovation, automation and excellence.

I am glad to have gotten a chance to contribute to the project and I am really happy to have been given this opportunity.

-Ashay Pandey

Shriram Housing Finance Limited As a marketing enthusiast, I felt that an on-field presence was integral for a product to be a success, however, after joining SHFL I learnt that a product can pan out to be as great a success from within the room.

I'll be forever grateful for the marketing team and specially my mentor, Amit Nishad, who always knew the way out against all odds.

-Pooja Harjani

THE ENLIGHTENING CITY – BODHGAYA

HOW TO REACH

The crucible of Buddhism, Bodhgaya was where Prince Siddhartha attained enlightenment beneath a Bodhi tree 2600 years ago and became Buddha (the 'Awakened'). In terms of blessedness, this tiny temple town is to Buddhists what Mecca is to Muslims. Bodh Gaya lies 13 km south of Gaya beside the river Phalgu. At the centre of Bodh Gaya stands the elegant Mahabodhi Temple, rising to the lofty height of 55 metres. Inside the temple, a single chamber holds a large gilded image of the Buddha. At the rear of the temple to the west lies the large Bodhi tree beneath which Buddha gained nirvana. In Bodh Gaya, almost every nation with a Buddhist following has its own monasteries— Bhutan, China, Japan, Myanmar, Nepal, Sri Lanka, Cambodia, Thailand, etc. Besides, there are monasteries belonging to the lesser known sects of Indian Buddhism. All these are within an easy walking distance of the Mahabodhi temple. Each temple has its own architectural style. Each offers visitors a unique opportunity to peek into different Buddhist cultures and compare architectural styles. The IndosanNipponji Temple is an exercise in quiet Japanese understatement

compared to the richly presented Bhutanese Monastery nearby, which houses some wonderfully colourful and intricate frescoes. The most impressive of all the modern monasteries is the Tergar Monastery of the Karmapa school of Tibetan Buddhism. It's a glory of Tibetan decorative arts that will leave you slack-jawed as you enter. A none too -distant runner-up is the impressive Thai Temple, brightly coloured, with gold leaf shimmering from its arched rooftop and manicured gardens. The Tibetan Karma Temple, with double-dragon brass door knockers, and Namgyal Monastery, contain large prayer wheels. Monasteries are open sunrise to sunset. Bodh Gaya attracts thousands of pilgrims from around the world every year, who come for prayer, study and meditation. They spend weeks, even months here, practising meditation techniques or enrolling for introductory courses in Buddhist teachings or learning to read Pali, the language of the ancient commoners and of the Buddha.

The Road that Leads to Bodh Gaya (How to Reach the Campus)

Air: Bodh Gaya has an international airport served by Druk Air, Thai Airways, Air India and Indigo Airlines. Alternatively, one can fly to Patna (110 km away) and take a train, luxury bus, or a taxi to reach Bodh Gaya. Bodhgaya Airport is just 7 kilometres from campus. Bodh Gaya international airport is served by Druk Air, Thai Airways, Air India and Indigo Airlines.

Patna International airport is 135 kilometres. Most airlines connect Patna with Mumbai, Delhi, Ranchi, Lucknow and various other cities.

Rail: The nearest railway station Gaya is just 17km from the campus. Gaya is a major Railway junction on the Grand Chord line served by express, superfast and Rajdhani express trains.

Bus: Regular direct bus services are available from Gaya, Patna, Nalanda, Rajgir, Varanasi.

Road: Bodh Gaya is well connected by road to Gaya (17km), Nalanda(101 km), Rajgir (78 km), Patna (135km),

Varanasi (252 km), Kolkata(495km)
