Director's Message

Dr. Vinita Sahay
Director, IIM Bodh Gaya

“

'We strive to transform young ambitious minds into virtuous leaders with a focus on mindfulness, high on intelligence as well as on emotional quotient, and in these trying times, I am sure the values and virtues imbibed in them here at IIM Bodh Gaya will help pave the way to a brighter and better tomorrow.'

”

Dear Recruiters,

Welcome to IIM Bodh Gaya, situated in the land of enlightenment, where knowledge and wisdom rest in the soil, and the constant quest for the unknown is the quintessential strive. This year marks our successful completion of 8 years of academic excellence, and amidst these uncertain, volatile, and ambiguous times, our conviction and faith towards becoming the next 'Seat of Learning' in this part of the world drives and motivates us to achieve more. At IIM Bodh Gaya, values like 'Mindfulness' are in the air, and 'To Be' is prized over 'To Do'. With such rich values, which are the need of the hour in today's chaotic world, we are very confident in making a very significant contribution to creating a pool of effective leaders. Our mission is to develop meticulously curious minds into leaders of persevering brilliance who seek to move ahead of time, with an ability to maneuver firms through the ever-changing business environment. We seek to honor the responsibility of creating socially responsible managers by blending in the old and the new, the traditional and the technological. At Bodh Gaya, we focus on imbibing in our students' timeless virtues like compassion, integrity, sustainability, inclusiveness, and diversity, and we take pride in being the IIM with a special focus on mindfulness, towards creating aware leaders and mindful managers. We strive to transform young ambitious minds into virtuous leaders with a focus on mindfulness, high intelligence as well as emotional quotient, and in these trying times, I am sure the values imbibed in them here at IIM Bodh Gaya will help pave the way to a brighter and better tomorrow.

We have made sure that our students get a mix of both, strong fundamentals and corporate exposure through dedicated sessions with eminent personalities from across diverse sectors. And the academic curriculum is revised from time to time based on the latest trends to ensure that our students are industry-ready. We are constantly trying to adapt to the changing dynamics and embrace the new normal with creativity and innovation in the VUCA times. We understand that for today's organizations, the need of the hour is to have responsible management that is capable of making sensible decisions that result in positive long-term implications for the firm, the industry, and society. Hence, we focus on enhancing the ethical sense and value systems in our students along with the necessary core business concepts which in turn will lead to the development of effective leadership skills.

Besides academics, our students also learn from their thriving community. They manage and take part in a number of co-curricular and extracurricular activities which provide them with opportunities to grow beyond classrooms. Our methods aim at training young ambitious minds into mature business professionals. We thank our existing industry partners for the invaluable support they have extended to us over the past couple of years. We truly value these relationships and would like to nurture them to higher levels. I also take this opportunity to reach out to new partners to help us serve them, by offering the pool of talented and inspired young minds whom we have nurtured for them. We wish to have a long-lasting and mutually beneficial relationship with the Industry & corporate world, who are our important stakeholders. Kindly treat this as a personal invitation to visit our campus. Looking forward to meeting you!

Chairperson's Message

**Dr. Sabyasachi
Mohapatra**

Chairperson
Career Development Cell
IIM Bodh Gaya

Dear Recruiters,

Welcome to IIM Bodh Gaya! I would first like to thank all the corporates who are recruiting the young talents of our country. With great pleasure, I present to you the 1st batch of our budding MBA-Digital Business Management program. Our students come from diverse educational backgrounds ranging from engineering to management, to social sciences along with industrial experience in various domains of consulting, sales & marketing, finance, etc. This diversity enriches our culture and provides each of our students the opportunities to learn from the differences and be better leaders of the future.

Our dynamic pedagogy, which is a union of conventional classroom learning and practical industrial exposure with active participation in case studies, live projects, and industry interactions, helps and motivates our students to strive for excellence in every sphere. The talk series, competitions, etc. not only provide them with industrial exposure but also instill in them the spirit of collaboration which is an essential trait for any good leader. With this fusion, we ensure that our students are well equipped to handle and thrive in the real corporate world and would be an asset to any organization they are a part of.

We also provide mentorship programs to our students where each of our students is assigned to a faculty, who help track their overall progress and guides them through any difficulty that they may face when it comes to their industry interactions. This ensures that all our students are at par with industry expectations.

Apart from keeping up with the industry requirements in terms of their skills, our students partake in various extracurricular activities, ranging from sports to cultural events, which helps in their overall development. In addition, our initiative to create mindful leaders of the future takes our students an extra mile and provides them with all the necessary tools to be a valuable addition to your organization. So, with immense pride, I recommend our students to your esteemed organization and would like to invite you to participate in the recruitment process of this Enlightening IIM. This brochure contains all the necessary information that you may need. We look forward to building a healthy and long-lasting relationship with you and your organization.

Welcome!

About MBA-Digital Business Management

Technology today is no longer seen as a facilitator of everyday business practices. It has instead become the heart and the backbone of every business strategy. It is this advent of digital technology that has inspired IIM Bodh Gaya to launch India's only two-year MBA - Digital Business Management program. The program offers an advanced curriculum that has been diligently designed in collaboration with industry experts and academic leaders to help students embrace digital tools and strategies that will provide them a competitive edge and help them adapt to the ever-evolving dynamics of the corporate scenario.

The program is structured around 04 pillars to provide a holistic experience in acquiring knowledge and developing managerial and technical skills relevant to the digital era. The rigorous curriculum is spread over 06 terms of 09 weeks each with mandatory core courses in the first year. This will help students learn the core, time-tested management fundamentals, giving them the functional expertise required to understand businesses and their digital aspects. A summer internship for 4 months in a well-renowned organisation will help students acquire industry exposure, expertise, and experience. The second year offers students a diverse variety of specialised electives that will familiarize them with the tools of managing digital transformation and the skills required to excel in an agile organisation.

The aim is to create professionals proficient in solving business problems by identifying opportunities and developing practical solutions to specific industry-assigned business challenges. The Digital Business Management program at IIM Bodh Gaya will train professionals who are bound to become future leaders make data-driven decisions, and lead complex and heterogeneous teams in digital environments.

ABOUT THE PROGRAM

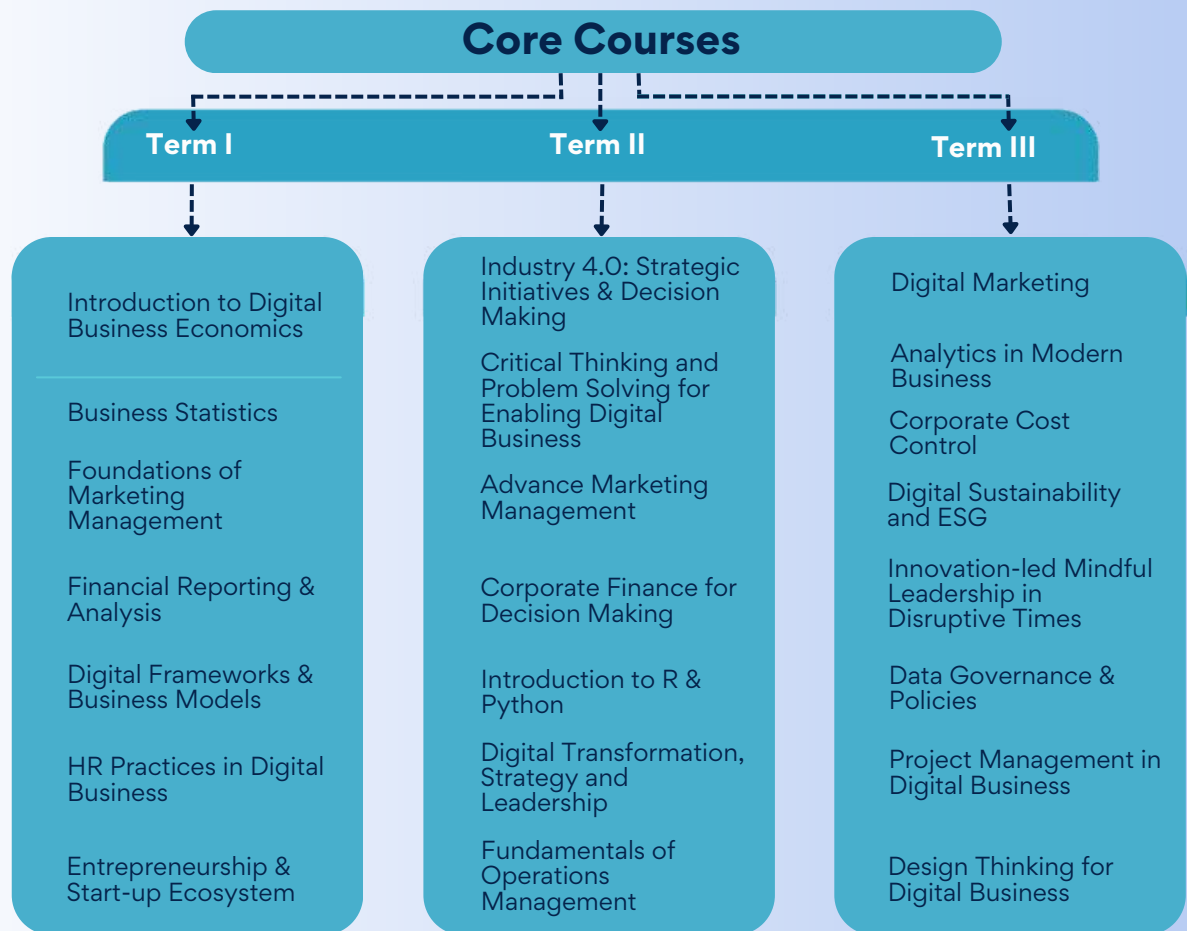

The two-year MBA-Digital Business Management curriculum has been diligently designed to keep the students in sync with the latest development in the field of techno-management education and is adaptable to the ever-evolving dynamics of the corporate scenario. The curriculum kicks off with compulsory core courses in the first year that are foundational and integrative in nature. It focuses on fostering the cross-functional perspective, knowledge base, awareness, and decision-making capabilities of the students across areas of general digital management. A summer internship in a reputed organization for a period of 16 weeks facilitates direct industry exposure to the students. The second year provides the students' variety of specialized functional electives to choose from as per their areas of interest and career plans.

- The 2-year MBA-Digital Business Management is a novel program introduced by IIM Bodh Gaya to cater to the digital world. It aims to offer a transformative experience, equipping students with relevant knowledge and skill sets to develop socially responsible, professional managers for the digital era.
- The program's objective is to provide a transformative experience and equip the students with relevant knowledge and skill sets to develop socially responsible, professional managers for the future.
- Guided by a stalwart faculty body, the students experience an immersive curriculum focused on laying a solid conceptual framework in management, also fostering analytical, entrepreneurial, and decision-making skills while staying updated with the latest global business scenario.
- Workshops, seminars, and guest lectures are integral to the curriculum and in shaping the mind and thought processes of the students.
- Significant importance is given to the 20+ student-driven Clubs and Committees that encompass every aspect of business management and values.
- Students actively participate in various live projects, global and national competitions hosted by academia and corporations, immersive industry activities, and leadership talks.
- IIM Bodh Gaya also facilitates global exposure and an extensive international immersion program through its various international university collaborations and global partnerships to amplify academic rigor and cultural sagacity.
- The Digital Business Management program at IIM Bodh Gaya, through its culture and curriculum, aims to produce socially responsible, ethical, and influential leaders who are mindful.

COURSE STRUCTURE

○ Year I ○

● Year II ●

SPECIALIZATION INTRODUCTION

DIGITAL MARKETING & BUSINESS DEVELOPMENT

The rise of online dominance of brands and advertisements has paved the way for promising career growth in digital marketing. Nearly 77% of companies globally have adopted digital marketing. The mindset of a marketer will be better equipped to understand consumer behavior, digital product management, business development, and make data-driven marketing decisions. The student will learn social media marketing, digital retail strategy, B2B marketing, and strategic marketing. The course helps in creating and managing brands, developing content marketing techniques and beyond. The industry-consulted course structure will prepare the individual to transform the marketing efforts of any tech-savvy organization.

DATA ANALYTICS & DECISION SCIENCES

The program is suited for learners eager to gain the best-class understanding of the niche analytics domain. The specialization will help develop the student and executives for techno-managerial roles who are willing to transform the supply chain, digital business, cybersecurity practices, robotics process automation, etc., by storytelling through data and utilizing supply chain analytics, people analytics, Business intelligence, IoT, AI, and cloud computing. The Data Analytics & Decision sciences will help in learning from creating AI systems to protecting the data, from Big Data to IoT, and from value creation for business to Data modelling.

FINTECH

India's fintech market is estimated to be \$150 billion by 2025. Even on a global scale, these investment numbers are expected to grow, proving that FinTech is for the long haul. The fintech industry has seen tremendous growth in India over the last decade since it caught pace after expanding internet services and government initiatives. With a fintech adoption rate of 87% against the global average of 64%, India is one of the fastest-growing fintech markets in the world. The Digital Business Management program with Fintech specialization will superbly help individuals to grow fast in the fast-growing industry. The highly demanded skills in financial analysis, Financial engineering, digital payment technologies, InsurTech, Investment, and portfolio management will be the highlights to enable the individual to expand the horizon of thoughts while making financial decisions at the highest level in the organization.

STRATEGY & CONSULTING

Consulting services in India have a consistently growing demand among domestic and foreign firms, and global strategy consulting is expected to grow to \$91 billion by 2025. With the need to adapt to the expansion of technology, more and more companies look for continuous development in strategies to shape their digital transformation. The Digital Business Management (Digital Business Management) program will provide individuals to develop the mindset and required knowledge to develop strategies for consulting roles. The strategy and consulting offer a gamut of excellent growth opportunities in IT consulting, business digitalization and IT strategic planning. The course curriculum helps students understand scaling strategies, venture growth, digital business consulting and strategy analytics.
