Our mission is to develop meticulously curious minds into leaders of persevering brilliance who seek to move ahead of time, with an ability to maneuver firms through the ever-changing business environment. We have made sure that our students get a mix of both, strong fundamentals and corporate exposure through dedicated sessions with eminent personalities from across diverse sectors. And the academic curriculum is revised from time to time based on the latest trends to ensure that our students are industry-ready. We are constantly trying to adapt to the changing dynamics and embrace the new normal with creativity and innovation in the VUCA times. We understand that for today's organizations, the need of the hour is to have responsible management that is capable of making sensible decisions that result in positive long-term implications for the firm, the industry, and society. Hence, we focus on enhancing the ethical sense and value systems in our students along with the necessary core business concepts which in turn will lead to the development of effective leadership skills.

Besides academics, our students also learn from their thriving community. They manage and take part in a number of co-curricular and extracurricular activities which provide them with opportunities to grow beyond classrooms. Our methods aim at training young ambitious minds into mature business professionals. We thank our existing industry partners for the invaluable support they have extended to us over the past couple of years. We truly value these relationships and would like to nurture them to higher levels. I also take this opportunity to reach out to new partners to help us serve them, by offering the pool of talented and inspired young minds whom we have nurtured for them. With this fusion, we ensure that our students are well equipped to handle and thrive in the real corporate world and would be an asset to any organization they are a part of.

ALUMNI SPEAKS

Pranav Bonde - PGP06 Knowledge Analyst, McKinsey

I still remember the first couple of months at IIM Bodh Gaya. Even though I started from the comfort of my home, the rigor was never less compared to what it would have been at campus. It helped me learn how to utilize my time effectively. Interactions with faculty, enriching guest lectures from industry experts, and live projects became the stepping stones to learning the art of problem-solving. Intense peer discussions during the case study sessions encouraged me to look at things from different perspectives. Additionally, serving as the Treasurer of the Student Council aided in developing people skills. I am indebted to IIM Bodh Gaya for transforming me from the one who was shy of putting out his thoughts to the one who can now fearlessly face any challenge that life has to throw.

Anushka Jain - PGP06 Program Manager, Amazon

Like everyone else, I joined IIM Bodh Gaya for the IIM tag. Getting that accolade in my CV was supposed to be just that. I thought I just had to somehow float through these two years for getting closer to my goals. I had no idea that I'd come across such a remarkable and inspiring group of people who have constantly challenged and inspired me along the journey. Prior to joining IIM Bodh Gaya, all of these preconceptions seemed to me to be short-lived and illusory. Despite the fact that I was only on campus for 7 months out of the two years of the course, I gained knowledge and formed memories that will last a lifetime. I shall be always grateful to the enlightening IIM for helping me grow into a better version of myself through my graduation from this institution.

Akshita Jain - PGP06 Management Trainee - Aditya Birla Fashion and Retail Limited

IIM Bodh Gaya has given me more than just an MBA degree and has made me this individual my friends and family are proud of today. I remember being skeptical about how we will fare through in these Covid times, but IIM BG managed to give us the MBA rigor even in the online mode. I had a great experience being a part of several clubs and committees and every moment in this college felt like we were building a legacy for the upcoming batches. I am glad and will be ever thankful to be a part of this institution and will carry my learnings and experiences from here as I embark on my corporate journey.

Nishitha Bangur - PGP06 Senior Analyst, BNY Mellon

IIM Bodhgaya was an astounding experience. Being a Fresher joining Bschool initially it was hard to catch up the rigorous schedule, coordinating and interacting with multiple folks for team assignments in online mode, and then finally coming to campus. But the learnings that are provided by world-class pedagogy will facilitate us to excel and thrive in our corporate careers. These 2 years have been very instrumental to find my hidden talents and potential and then shaping myself into a transformed person that provides me with a better perspective of the world. I am forever grateful for everything that the institute has taught me.
