Message from the Director

Dr. Vinita S. Sahay

Dear Recruiters,

Greetings from Indian Institute of Management Bodh Gaya!

Located in the land where Lord Buddha attained enlightenment, IIM Bodh Gaya draws its founding philosophy from this legacy of wisdom and self-awareness. Our mission is to develop leaders who pair professional excellence with integrity, empathy, and a genuine commitment to doing meaningful work.

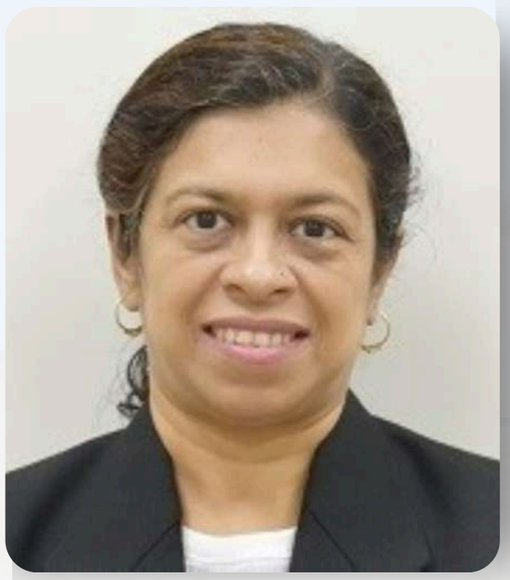

We believe effective leadership starts with understanding oneself. Our academic curriculum, industry engagement, live projects and internships are built to give students the knowledge and problem-solving ability they need in a business environment that keeps changing shape.
Outside the classroom, students take on leadership roles, compete in case competitions, run clubs, and work on community initiatives that build collaboration and resilience. These experiences are what let them contribute from day one, not just on paper.

I want to thank our recruiters and industry partners for their continued trust and support. Your partnership shapes our students' professional journeys and keeps our programs grounded in what industry actually needs.

As you go through this Placement Brochure, I invite you to engage with the students of IIM Bodh Gaya. They bring fresh perspectives, strong values, and real commitment, and I am confident they will be an asset to your organizations.

Warm regards,
Dr. Vinita S. Sahay
Director
Indian Institute of Management Bodh Gaya

Message from the Chairperson

Dr. Deepika Gupta

Dear Recruiters,

Welcome to IIM Bodh Gaya, a campus where curiosity meets opportunity. It gives me great pleasure to present the 11th batch of our flagship MBA program, the 3rd batch of our MBA in Digital Business Management (MBA-DBM), and the 3rd batch of our MBA in Hospital and Healthcare Management (MBA-HHM). Together, these three cohorts show what this institute is about: different academic backgrounds, working toward the same standard of excellence.

Our flagship MBA has always drawn students from varied fields, engineering, economics, business administration, computer applications, and more, and that mix shows up in how they approach problems. The MBA-DBM program, now in its third year, prepares students for work where business and technology meet: analytics, fintech, digital marketing, consulting. The MBA-HHM program builds managers who understand healthcare from the inside, pairing general management skills with domain expertise for a sector that only keeps growing in complexity.

At IIM Bodh Gaya, students don't just learn management, they practice it. Case competitions, live industry projects, internships, and regular interaction with corporates push them to apply what they have learned to real problems instead of hypothetical ones. That is where the adaptability and collaboration come from. Outside academics, students are mentored closely by faculty, take on leadership roles in student-run initiatives, and stay involved in sports, cultural events, and community work.

We see education as more than a set of skills. It is about learning to think independently, act responsibly, and build something that lasts, values we try to instill in every student, and the same values they will carry into your organizations.

I invite you to engage with our MBA, MBA-DBM, and MBA-HHM batches this placement season. I am confident they will prove to be assets to your organizations and partners in long-term growth. We look forward to welcoming you to our campus and building lasting collaborations.

Indian Institute of Management Bodh Gaya

About IIM Bodh Gaya

Since India's independence in 1947, the Indian Institutes of Management (IIMs) have shaped the country's management education and, through it, its business ecosystem. Known for a demanding curriculum, strong faculty, and close industry ties, the IIMs remain among India's most prestigious institutions for developing future leaders. IIM Bodh Gaya carries that legacy forward, with a particular focus on social awareness and emotional intelligence in its graduates. Its curriculum spans multiple management disciplines, is updated with current industry input, and is built to prepare students for a business environment that changes faster every year.

IIM Bodh Gaya has been awarded the prestigious AACSB Accreditation, placing it among the top 6% of business schools worldwide. Among the IIMs, it is ranked 6th out of 22, a marker of the institute's academic standards, industry relevance, and focus on developing well-rounded business leaders.

The institute stays closely connected to industry through corporate partnerships, guest sessions, and networking events, giving students direct exposure to how businesses actually operate day to day. It has also built exchange partnerships with institutions across the US, France, Sweden, Spain, Venezuela, Russia, Mexico, Italy, Morocco, Peru, Israel, South Korea, and other countries, letting students and faculty experience different academic systems and cultural contexts firsthand. Beyond the classroom, IIM Bodh Gaya works on entrepreneurship promotion, rural development, and research on real societal problems. Faculty publish regularly in ABDC and Scopus-listed journals.

The flagship MBA in General Management combines core management fundamentals with a focus on innovation and analytical rigor. The MBA in Digital Business Management (MBA-DBM) trains specialists in analytics, fintech, digital marketing, and consulting for the digital economy, and its early batches have already secured internships at recognized firms. The MBA in Hospital & Healthcare Management (MBA-HHM) has been sending graduates into the healthcare sector, where they are applying management skills to a field with its own particular demands.

Bodh Gaya itself is part of what makes this institute what it is. Eastern India has long been a center of scholarship, home to ancient universities like Nalanda and Vikramshila, and Bodh Gaya remains a major Buddhist pilgrimage site that draws millions of visitors every year. Landmarks like the Mahabodhi Temple, a UNESCO World Heritage Site, the 80-foot Buddha statue, and the Indosan Nippon Japanese Temple are part of daily life here. It is this setting that earns IIM Bodh Gaya its nickname, "The Enlightening IIM."

IIM Bodh Gaya at a Glance...

Highlights

Experiential Learning :
Case studies, simulations, and live industry projects drive real-world problem-solving.

Ethical Foundations :
Located in Bodh Gaya, the curriculum is enriched with mindfulness, sustainability, and value-based leadership.

Global & Digital Outlook:
International exposure, blended learning, and use of analytic tools equip students for a tech-driven world.

How To Reach IIM Bodh Gaya?

Gaya International Airport is just 7 kilometers from campus. It is an international airport served by Druk Air, Thai Airways, Air India, and Indigo Airlines, with daily flights from metro cities. Alternatively, one can fly to Patna (135 kilometers from campus) and take a train, luxury bus, or taxi to reach Bodh Gaya. Most airlines connect Patna with Mumbai, Delhi, Ranchi, Lucknow, and other cities.

The nearest railway station to the campus is Gaya Junction, located approximately 17 kilometers away. Gaya serves as a major railway hub on the Grand Chord line, providing excellent connectivity to various parts of the country. It is well-served by a wide range of trains, including express and erfast services, as well as premium options like the Rajdhani Express

IIM Bodh Gaya is easily accessible by road, with smooth connectivity to several major cities in the region. The campus is just 17 km from Gaya, 101 km from Nalanda, 78 km from Rajgir, and 135 km from Patna. For longer journeys, it is 252 km from Varanasi and 495 km from Kolkata.

Regular direct bus services are available from Gaya, Patna, Nalanda, Rajgir, Varanasi.
Road: Bodh Gaya is well connected by road to Gaya (17km), Nalanda (101km), Rajgir (78km), Patna (135km), Varanasi (252km), Kolkata (495km).
