DIRECTOR'S MESSAGE

DR. VINITA S. SAHAY

Director
Indian Institute of Management,
Bodh Gaya

Dear Recruiters,

Welcome to IIM Bodh Gaya, situated in the land of enlightenment, where knowledge and wisdom rest in the soil, and a constant quest for the unknown is the quintessential strive. This year marks our successful completion of 9 years of academic excellence, and our conviction and faith toward becoming the next "Seat of Learning' in this part of the world drives and motivates us to achieve more. At IIM Bodh Gaya, values like 'Mindfulness' are in the air, and "To Be" is prized over "To Do." With such rich values, which are the need of the hour in today's chaotic world, we are confident in significantly contributing to creating a pool of influential leaders. Our mission is to develop meticulously curious minds into leaders of persevering brilliance who seek to move ahead of time with an ability to maneuver firms through the ever-changing business environment. We strive to honor the responsibility of creating socially responsible managers by blending in the old and the new, the traditional and the technological. At Bodh Gaya, we focus on imbibing in our students' timeless virtues like compassion, integrity, sustainability, inclusiveness, and diversity, and we take pride in being the IIM with a particular focus on mindfulness towards creating aware leaders and mindful managers. We strive to transform young, ambitious minds into virtuous leaders focusing on mindfulness, high intelligence, and emotional quotient. In these trying times, I am sure the values imbibed in them here at IIM Bodh Gaya will help pave the way to a brighter and better tomorrow.

We have ensured that our students get solid fundamentals and corporate exposure through dedicated sessions with eminent personalities from diverse sectors. And the academic curriculum is revised from time to time-based on the latest trends to ensure that our students are industry-ready. We are constantly trying to adapt to the changing dynamics and embrace the new normal with creativity and innovation in the VUCA times. We understand that for today's organizations, the need of the hour is to have responsible management capable of making sensible decisions that result in positive long-term implications for the firm, the industry, and society. Hence, we focus on enhancing our students' ethical sense and value systems along with the necessary core business concepts, which will lead to developing practical leadership skills.

Besides academics, our students also learn from their thriving community. They manage and participate in many co-curricular and extracurricular activities that allow them to grow beyond classrooms. Our methods aim at training young, ambitious minds into mature business professionals. We thank our existing Industry Partners for the invaluable support they have extended to us over the past couple of years. We truly value these relationships and want to nurture them to higher levels. I also take this opportunity to reach out to new partners to help us serve them by offering the pool of talented and inspired young minds whom we have nurtured for them. We wish to have a long-lasting and mutually beneficial relationship with the Industry and corporate world, our essential stakeholders. Kindly treat this as a personal invitation to visit our Campus. We are looking forward to meeting you.

CHAIRPERSON'S MESSAGE

DR. SABYASACHI MOHAPATRA

Chairperson
Career Development Cell
Indian Institute of Management,
Bodh Gaya

Dear Recruiters,

Welcome to IIM Bodh Gaya! First, I would like to thank all the corporates recruiting our country's young talents. With great pleasure, I present the 9th batch of our budding institute. Our students come from diverse educational backgrounds ranging from engineering to management to social sciences, and industrial experience in various domains of consulting, sales & marketing, finance, etc. This diversity enriches our culture and allows each of our students to learn from the differences and be better leaders of the future.

Our dynamic pedagogy, a union of conventional classroom learning and practical industrial exposure with active participation in case studies, live projects, and industry interactions, helps and motivates our students to strive for excellence in every sphere. The talk series, competitions, etc., provide them with industrial exposure and instill in them the spirit of collaboration, which is an essential trait for any good leader. With this fusion, we ensure that our students are well-equipped to handle and thrive in the real corporate world and would be an asset to any organization they are a part of.

We also provide mentorship programs to our students where each is assigned to a faculty who helps track their overall progress and guides them through any difficulty they may face regarding their industry interactions. This ensures that all our students are at par with industry expectations.

Apart from keeping up with the industry requirements regarding their skills, our students partake in various extracurricular activities, from sports to cultural events, which help their overall development. In addition, our initiative to create mindful leaders of the future takes our students an extra mile. It provides them with all the necessary tools to be a valuable addition to your organization. So, with immense pride, I recommend our students to your esteemed organization and would like to invite you to participate in the recruitment process for this Enlightening IIM. This brochure contains all the necessary information that you may need. We look forward to building a healthy, long-lasting relationship with you and your organization.
Welcome!

ABOUT
IIM BODH GAYA

The Indian Institutes of Management have been the archetype of management schooling in India since their foundation after our independence in 1947. IIMs are perceived as India's most prestigious and elite B-schools, emphasizing practical experience and critical thinking instead of rote learning and conventional academic schedules. Building on the grand heritage of the IIM brand, IIM Bodh Gaya fosters a culture and curriculum whose sole purpose is to create socially responsible managers and emotionally mature leaders. A dynamic curriculum in consonance with academics and industry experts allows the students to master new skills and explore diverse perspectives. Besides the conventional classroom setup, IIM Bodh Gaya emphasizes practical learning as students partake in case studies, sessions with industry experts, live projects, etc. The institute also acknowledges the significance of exposure to global standards and contemporary trends for enriching its students' learning experience. To bring international exposure and cultural diversity to the campus, the institute has established collaborations with several reputed institutions in the U.S., France, Sweden, Spain, Venezuela, Russia, Mexico, Italy, Morocco, Peru, Israel, and S. Korea, and many more, while discussions are underway with many other international universities across the globe. The institute's thrust on meaningful research is evident through the credentials and accomplishments of its faculty, who have publications in ABDC and Scopus-listed journals of repute. In a short time, IIM Bodh Gaya has strengthened its position in the corporate world, with its students contributing to illustrious business organizations throughout the country.

The MBA General Management program continues to excel, encompassing essential concepts, analytical prowess, and the latest tools and technologies in leading business sectors, emphasizing innovation-driven strategies across various fields. Complementing this, two new courses have been introduced this year: MBA-DBM (Digital Business Management) and MBA-HHM (Hospital & Healthcare Management). The MBA-DBM course aims to cultivate adept business graduates specializing in analytics, fintech, digital marketing, and management consulting within digital business. Similarly, the MBA-HHM track encompasses subjects related to the efficient management and administration of diverse functions within hospitals and related sectors. The focus is on public health, health insurance, and pharmaceuticals.

Historically, the eastern part of the country has been an eminent seat of learning with the ancient universities of Nalanda and Vikramshila, where learners from all over the world congregated in pursuit of knowledge. Having been recognized as a key Buddhist destination, Bodh Gaya attracts millions of tourists annually. An ancient seat of learning that represents one of the prominent paths to enlightenment, Bodh Gaya is home to Mahabodhi Temple, a UNESCO World Heritage Site, and several other notable temples and monasteries. Nestled in Bodh Gaya is the iconic 80 ft. statue of Buddha and Indosan Nippon temple, which was constructed in 1972 and has a gallery of Japanese art. This land of enlightenment continues to inspire IIM Bodh Gaya's journey to become The Enlightening IIM.

WHY IIM BODH GAYA

Situated in the land of the Buddha's awakening, the Indian Institute of Management Bodh Gaya is the 16th IIM inaugurated by HRD Minister Smt. Smriti Irani. The institute got off the ground officially on 31st August 2015 and has since completed eight prosperous years. It boasts a tranquil environment that promotes a harmonious existence between Samatva and Vidya. In its concise existence, the Enlightening IIM has already garnered a place amongst the top institutes.

IIM Bodh Gaya has a mission to inspire new global perspectives in the future of business and management through practical collaborative effort and excellence in research, creativity, and education. Along with an active student-run operation, the IIM also takes pride in its structured pedagogy, which offers more than classroom simulations by adding vast corporate exposure to the mix.

The In-class discussions usually focus on giving real-time industry experience accompanied by an in-depth discussion of live cases. The institute understands the need for an equable mind and thus pays attention to knowledge gaining and mind healing.

Inspire, the incubation center of IIM Bodh Gaya, primarily focuses on creating opportunities for mentorship and funding for agri-tech-based enterprises. It aims to solve current consumer problems and generate employment by building a conducive entrepreneurial environment in Bihar and India.

Director's Message

Dr. Vinita Sahay

Director, IIM Bodh Gaya

> 'We strive to transform young ambitious minds into virtuous leaders with a focus on mindfulness, high on intelligence as well as on emotional quotient, and in these trying times, I am sure the values and virtues imbibed in them here at IIM Bodh Gaya will help pave the way to a brighter and better tomorrow.'

Dear Recruiters,

Welcome to IIM Bodh Gaya, situated in the land of enlightenment, where knowledge and wisdom rest in the soil, and the constant quest for the unknown is the quintessential strive. This year marks our successful completion of 8 years of academic excellence, and amidst these uncertain, volatile, and ambiguous times, our conviction and faith towards becoming the next "Seat of Learning' in this part of the world drives and motivates us to achieve more. At IIM Bodh Gaya, values like 'Mindfulness' are in the air, and "To Be" is prized over "To Do". With such rich values, which are the need of the hour in today's chaotic world, we are very confident in making a very significant contribution to creating a pool of effective leaders. Our mission is to develop meticulously curious minds into leaders of persevering brilliance who seek to move ahead of time, with an ability to maneuver firms through the ever-changing business environment. We seek to honor the responsibility of creating socially responsible managers by blending in the old and the new, the traditional and the technological. At Bodh Gaya, we focus on imbibing in our students' timeless virtues like compassion, integrity, sustainability, inclusiveness, and diversity, and we take pride in being the IIM with a special focus on mindfulness, towards creating aware leaders and mindful managers. We strive to transform young ambitious minds into virtuous leaders with a focus on mindfulness, high intelligence as well as emotional quotient, and in these trying times, I am sure the values imbibed in them here at IIM Bodh Gaya will help pave the way to a brighter and better tomorrow.

We have made sure that our students get a mix of both, strong fundamentals and corporate exposure through dedicated sessions with eminent personalities from across diverse sectors. And the academic curriculum is revised from time to time based on the latest trends to ensure that our students are industry-ready. We are constantly trying to adapt to the changing dynamics and embrace the new normal with creativity and innovation in the VUCA times. We understand that for today's organizations, the need of the hour is to have responsible management that is capable of making sensible decisions that result in positive long-term implications for the firm, the industry, and society. Hence, we focus on enhancing the ethical sense and value systems in our students along with the necessary core business concepts which in turn will lead to the development of effective leadership skills.

Besides academics, our students also learn from their thriving community. They manage and take part in a number of co-curricular and extracurricular activities which provide them with opportunities to grow beyond classrooms. Our methods aim at training young ambitious minds into mature business professionals. We thank our existing industry partners for the invaluable support they have extended to us over the past couple of years. We truly value these relationships and would like to nurture them to higher levels. I also take this opportunity to reach out to new partners to help us serve them, by offering the pool of talented and inspired young minds whom we have nurtured for them. We wish to have a long-lasting and mutually beneficial relationship with the Industry & corporate world, who are our important stakeholders. Kindly treat this as a personal invitation to visit our campus. Looking forward to meeting you!

Chairperson's Message

Dr. Sabyasachi Mohapatra

Chairperson
Career Development Cell
IIM Bodh Gaya

Dear Recruiters,

Welcome to IIM Bodh Gaya! I would first like to thank all the corporates who are recruiting the young talents of our country. With great pleasure, I present to you the 1st batch of our budding MBA-Digital Business Management program. Our students come from diverse educational backgrounds ranging from engineering to management, to social sciences along with industrial experience in various domains of consulting, sales & marketing, finance, etc. This diversity enriches our culture and provides each of our students the opportunities to learn from the differences and be better leaders of the future.

Our dynamic pedagogy, which is a union of conventional classroom learning and practical industrial exposure with active participation in case studies, live projects, and industry interactions, helps and motivates our students to strive for excellence in every sphere. The talk series, competitions, etc. not only provide them with industrial exposure but also instill in them the spirit of collaboration which is an essential trait for any good leader. With this fusion, we ensure that our students are well equipped to handle and thrive in the real corporate world and would be an asset to any organization they are a part of.

We also provide mentorship programs to our students where each of our students is assigned to a faculty, who help track their overall progress and guides them through any difficulty that they may face when it comes to their industry interactions. This ensures that all our students are at par with industry expectations.

Apart from keeping up with the industry requirements in terms of their skills, our students partake in various extracurricular activities, ranging from sports to cultural events, which helps in their overall development. In addition, our initiative to create mindful leaders of the future takes our students an extra mile and provides them with all the necessary tools to be a valuable addition to your organization. So, with immense pride, I recommend our students to your esteemed organization and would like to invite you to participate in the recruitment process of this Enlightening IIM. This brochure contains all the necessary information that you may need. We look forward to building a healthy and long-lasting relationship with you and your organization.

Welcome!

About MBA-Digital Business Management

Technology today is no longer seen as a facilitator of everyday business practices. It has instead become the heart and the backbone of every business strategy. It is this advent of digital technology that has inspired IIM Bodh Gaya to launch India's only two-year MBA - Digital Business Management program. The program offers an advanced curriculum that has been diligently designed in collaboration with industry experts and academic leaders to help students embrace digital tools and strategies that will provide them a competitive edge and help them adapt to the ever-evolving dynamics of the corporate scenario.

The program is structured around 04 pillars to provide a holistic experience in acquiring knowledge and developing managerial and technical skills relevant to the digital era. The rigorous curriculum is spread over 06 terms of 09 weeks each with mandatory core courses in the first year. This will help students learn the core, time-tested management fundamentals, giving them the functional expertise required to understand businesses and their digital aspects. A summer internship for 4 months in a well-renowned organisation will help students acquire industry exposure, expertise, and experience. The second year offers students a diverse variety of specialised electives that will familiarize them with the tools of managing digital transformation and the skills required to excel in an agile organisation.

The aim is to create professionals proficient in solving business problems by identifying opportunities and developing practical solutions to specific industry-assigned business challenges. The Digital Business Management program at IIM Bodh Gaya will train professionals who are bound to become future leaders make data-driven decisions, and lead complex and heterogeneous teams in digital environments.

ABOUT THE PROGRAM

The two-year MBA-Digital Business Management curriculum has been diligently designed to keep the students in sync with the latest development in the field of techno-management education and is adaptable to the ever-evolving dynamics of the corporate scenario. The curriculum kicks off with compulsory core courses in the first year that are foundational and integrative in nature. It focuses on fostering the cross-functional perspective, knowledge base, awareness, and decision-making capabilities of the students across areas of general digital management. A summer internship in a reputed organization for a period of 16 weeks facilitates direct industry exposure to the students. The second year provides the students' variety of specialized functional electives to choose from as per their areas of interest and career plans.

- The 2-year MBA-Digital Business Management is a novel program introduced by IIM Bodh Gaya to cater to the digital world. It aims to offer a transformative experience, equipping students with relevant knowledge and skill sets to develop socially responsible, professional managers for the digital era.
- The program's objective is to provide a transformative experience and equip the students with relevant knowledge and skill sets to develop socially responsible, professional managers for the future.
- Guided by a stalwart faculty body, the students experience an immersive curriculum focused on laying a solid conceptual framework in management, also fostering analytical, entrepreneurial, and decision-making skills while staying updated with the latest global business scenario.
- Workshops, seminars, and guest lectures are integral to the curriculum and in shaping the mind and thought processes of the students.
- Significant importance is given to the 20+ student-driven Clubs and Committees that encompass every aspect of business management and values.
- Students actively participate in various live projects, global and national competitions hosted by academia and corporations, immersive industry activities, and leadership talks.
- IIM Bodh Gaya also facilitates global exposure and an extensive international immersion program through its various international university collaborations and global partnerships to amplify academic rigor and cultural sagacity.
- The Digital Business Management program at IIM Bodh Gaya, through its culture and curriculum, aims to produce socially responsible, ethical, and influential leaders who are mindful.

- Digital Retail Banking and Related Technologies
- Derivatives - Options & Futures
- Python and Statistics for Financial Analysis
- Investment and Portfolio management
- Digital Transformation in Financial Services

SPECIALIZATION INTRODUCTION

DIGITAL MARKETING & BUSINESS DEVELOPMENT

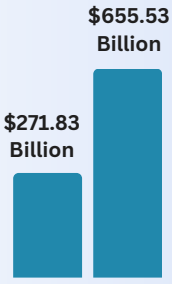

The rise of online dominance of brands and advertisements has paved the way for promising career growth in digital marketing. Nearly 77% of companies globally have adopted digital marketing. The mindset of a marketer will be better equipped to understand consumer behavior, digital product management, business development, and make data-driven marketing decisions. The student will learn social media marketing, digital retail strategy, B2B marketing, and strategic marketing. The course helps in creating and managing brands, developing content marketing techniques and beyond. The industry-consulted course structure will prepare the individual to transform the marketing efforts of any tech-savvy organization.

DATA ANALYTICS & DECISION SCIENCES

Incremental Growth (B)

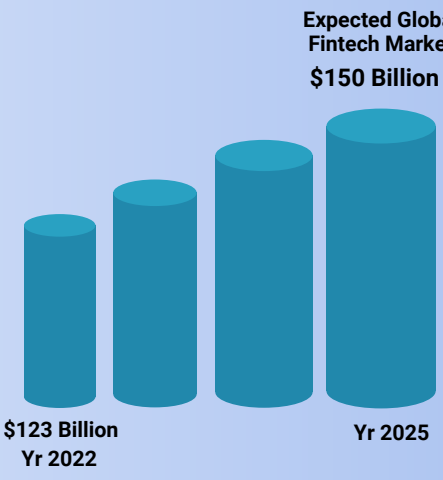

$414.97

The program is suited for learners eager to gain the best-class understanding of the niche analytics domain. The specialization will help develop the student and executives for techno-managerial roles who are willing to transform the supply chain, digital business, cybersecurity practices, robotics process automation, etc., by storytelling through data and utilizing supply chain analytics, people analytics, Business intelligence, IoT, AI, and cloud computing. The Data Analytics & Decision sciences will help in learning from creating AI systems to protecting the data, from Big Data to IoT, and from value creation for business to Data modelling.

FINTECH

India's fintech market is estimated to be $150 billion by 2025. Even on a global scale, these investment numbers are expected to grow, proving that FinTech is for the long haul. The fintech industry has seen tremendous growth in India over the last decade since it caught pace after expanding internet services and government initiatives. With a fintech adoption rate of 87% against the global average of 64%, India is one of the fastest-growing fintech markets in the world. The Digital Business Management program with Fintech specialization will superbly help individuals to grow fast in the fast-growing industry. The highly demanded skills in financial analysis, Financial engineering, digital payment technologies, InsurTech, Investment, and portfolio management will be the highlights to enable the individual to expand the horizon of thoughts while making financial decisions at the highest level in the organization.

STRATEGY & CONSULTING

Consulting services in India have a consistently growing demand among domestic and foreign firms, and global strategy consulting is expected to grow to $91 billion by 2025. With the need to adapt to the expansion of technology, more and more companies look for continuous development in strategies to shape their digital transformation. The Digital Business Management (Digital Business Management) program will provide individuals to develop the mindset and required knowledge to develop strategies for consulting roles. The strategy and consulting offer a gamut of excellent growth opportunities in IT consulting, business digitalization and IT strategic planning. The course curriculum helps students understand scaling strategies, venture growth, digital business consulting and strategy analytics.

DIRECTOR'S MESSAGE

Dr. Vinita Sahay

Director, IIM Bodh Gaya

'We strive to transform young ambitious minds into virtuous leaders with a focus on mindfulness, intelligence as well as emotional quotient. I am sure the values and virtues imbibed in the students here at IIM Bodh Gaya will help pave the way to a brighter and better tomorrow.'

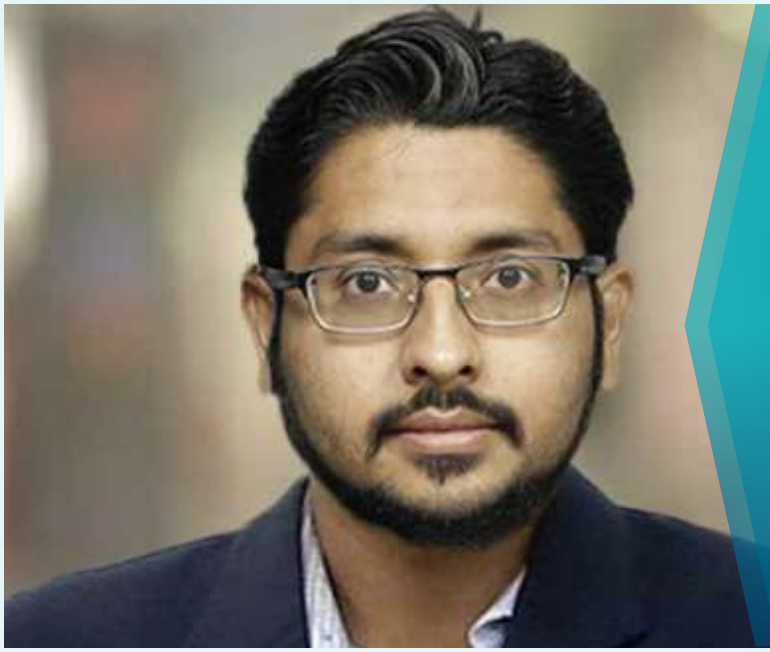

Dear Recruiters,

Welcome to IIM Bodh Gaya, situated in the land of enlightenment, where knowledge and wisdom rest in the soil, and the constant quest for the unknown is the quintessential strive. This year marks our successful completion of 8 years of academic excellence, and amidst these uncertain, volatile, and ambiguous times, our conviction and faith towards becoming the next "Seat of Learning' in this part of the world drives and motivates us to achieve more. At IIM Bodh Gaya, values like 'Mindfulness' are in the air, and "To Be" is prized over "To Do". With such rich values, which are the need of the hour in today's chaotic world, we are very confident in making a very significant contribution to create a pool of effective leaders. Our mission is to develop meticulously curious minds into leaders of persevering brilliance who seek to move ahead of time, with an ability to manoeuvre firms through the ever-changing business environment. We seek to honour the responsibility of creating socially responsible managers by blending in the old and the new, the traditional and the technological. At Bodh Gaya, we focus on imbibing in our students' timeless virtues like compassion, integrity, sustainability, inclusiveness, and diversity, and we take pride in being the IIM with a special focus on mindfulness, towards creating aware leaders and mindful managers. We strive to transform young ambitious minds into virtuous leaders with a focus on mindfulness, high intelligence as well as emotional quotient, and in these trying times, I am sure the values imbibed in them here at IIM Bodh Gaya will help pave the way to a brighter and better tomorrow.

We have made sure that our students get a mix of both, strong fundamentals and corporate exposure through dedicated sessions with eminent personalities from across diverse sectors. And the academic curriculum is revised from time to time based on the latest trends to ensure that our students are industry-ready. We are constantly trying to adapt to the changing dynamics and embrace the new normal with creativity and innovation in the VUCA times. We understand that for today's organizations, the need of the hour is to have responsible management that is capable of making sensible decisions that result in positive long-term implications for the firm, the industry, and society. Hence, we focus on enhancing the ethical sense and value systems in our students along with the necessary core business concepts which in turn will lead to the development of effective leadership skills.

Besides academics, our students also learn from their thriving community. They organize and take part in a number of co-curricular and extracurricular activities that provide them with opportunities to learn beyond classrooms. Our methods aim at training young ambitious minds into mature business professionals. We thank our existing industry partners for the invaluable support they have extended to us over the past couple of years. We truly value these relationships and would like to nurture them to higher levels. I also take this opportunity to reach out to new partners to help us serve them, by offering the pool of talented and inspired young minds whom we have nurtured for them. We wish to have a long-lasting and mutually beneficial relationship with the industry & corporate world, who are our important stakeholders. Kindly treat this as a personal invitation to visit our campus. Looking forward to meeting you!

CHAIRPERSON'S MESSAGE

Dr. Sabyasachi Mohapatra

Chairperson,
Career Development Cell
IIM Bodh Gaya

Dear Recruiters,

Welcome to IIM Bodh Gaya! I would first like to thank all the corporates who are recruiting the young talents of our country. With great pleasure, I present to you the 1st MBA-Hospital and Healthcare Management batch of our budding institute. Our students come from diverse educational backgrounds ranging from pharmaceutical, engineering, management, to social sciences along with industrial experience in various domains of consulting, sales & marketing, finance, etc. This diversity enriches our culture and provides each of our students the opportunities to learn from the differences and be better leaders of the future.

Our dynamic pedagogy, which is a union of conventional classroom learning and practical industrial exposure with active participation in case studies, live projects, and industry interactions, helps and motivates our students to strive for excellence in every sphere. The talk series, competitions, etc. not only provide them with industrial exposure but also instill in them the spirit of collaboration which is an essential trait for any good leader. With this fusion, we ensure that our students are well equipped to handle and thrive in the real corporate world and would be an asset to any organization they are a part of.

We also provide mentorship programs to our students where each of our students is assigned to a faculty, who help track their overall progress and guides them through any difficulty that they may face when it comes to their industry interactions. This ensures that all our students are at par with industry expectations.

Apart from keeping up with the industry requirements in terms of their skills, our students partake in various extracurricular activities, ranging from sports to cultural events, which helps in their overall development. In addition, our initiative to create mindful leaders of the future takes our students an extra mile and provides them with all the necessary tools to be a valuable addition to your organization. So, with immense pride, I recommend our students to your esteemed organization and would like to invite you to participate in the recruitment process of this Enlightening IIM. This brochure contains all the necessary information that you may need. We look forward to building a healthy and long-lasting relationship with you and your organization.

Welcome!
Dr. Sabyasachi Mohapatra,

ABOUT
MBA-HOSPITAL & HEALTHCARE MANAGEMENT

Healthcare is a binding obligation that we owe not only to our contemporary world at large but also to future generations, which will stand the test of time. From quick reactions in hospital infirmaries to the private retirement of a diabetic's regimen, the age-old saying "Health is Wealth", stays true to this day. Such is the call and beckon of time that IIM Bodh Gaya has realized its potential and handcrafted a program that will meet the demands of a market that never seems to sleep.

The MBA in Hospital and Healthcare Management program at IIM Bodh Gaya is designed to foster a synergistic blend of academic knowledge and pragmatic orientation. The program's focus is on preparing professional healthcare managers to handle the critical administrative functions of hospitals and healthcare organizations. They play a pivotal role in ensuring quality, optimization, increased productivity, and sustainability in hospital operations worldwide. Through exposure to a wide range of courses and summer internship, students gain a broader perspective on healthcare management and administration, equipping them with the necessary knowledge and resources to tackle complex industry challenges.

Our goal is to create professionals who are adept at identifying practical problems and utilizing time-tested and contemporary managerial techniques to arrive at the most appropriate solutions in the healthcare sector. With a focus on empowering potential hospital and healthcare management professionals, the program provides in-depth knowledge, skills, abilities, and practical exposure to equip them with the required competencies for meaningful contributions to the healthcare and allied sectors.

As such, our future managers will possess the ingenuity and determination required to effect long-lasting change. And produce proficient healthcare and hospital managers who will identify and bridge the gap between the healthcare sector and the ever-evolving needs of the modern world.

COURSE STRUCTURE

TERM 1

- Organizational Behaviour in Healthcare
- Business Statistics: Healthcare Perspective
- Managerial Economics
- Accounting for Healthcare Organizations
- Marketing Management for Healthcare
- Healthcare Delivery Systems & Public Health Administration
- Healthcare Delivery Systems & Public Health Administration
